THE WEATHER.

Local thunder showers Wednesday and probably Thursday; light variable winds.

THE MORNING STAR

WILMINGTON

FOUNDED A.D. 1867

DO YOU ADVERTISE?

If not, why not? Perhaps there's a reason. A request to this office will bring a man to talk it over with you.

VOL. LXXXVIII—NO. 96. WILMINGTON, N. C., WEDNESDAY MORNING, JULY 12, 1911. WHOLE NUMBER 13,658.

MANY ARE KILLED IN FEARFUL WRECK

Passengers Dashed Into Eternity as Train Plunges Over Embankment.

OCCURRED NEAR BRIDGEPORT

Twelve Known Dead in Worse Wreck on New York, New Haven & Hartford in 58 Years—44 Were Injured.

Bridgeport, Conn., July 11.—Twelve battered bodies in the morgue, 44 sufferers in the hospitals and a mountain of junk at the foot of a twenty-foot embankment at the Western end of the city, tells the tale tonight of the worst wreck in 58 year's history on the New York, New Haven & Hartford Railroad.

Although the accident happened to the Federal express just before dawn the coroner's office has been busy all day answering telephone and telegraph inquiries from all parts of the country, four of the dead, two men and two women, remain unidentified. The others are:

C. W. Christie, Philadelphia; Geo. E. Saunders, Norwich, Connecticut; Mrs. Gweldeolin F. Rogers, wife of Sergeant Geo. F. Rogers, coast artillery, U. S. A.; May Louise Rogers, her 7-months-old daughter; Mrs. Helena D. Walcott, Washington, D. C., wife of Chas. D. Walcott; —— Hartman, 7 years old, son of Mrs. Louise Hartman, Newfield, N. J., who is in a serious condition at the hospital; A. M. Curtis, engineer of the train; W. A. Ryan, New York, fireman.

With one or two exceptions, all those in the hospitals tonight are expected to recover. Several however, are in critical conditions. Among them is Daniel Kissner, head brakeman, of New York. His skull and several ribs are broken and he has internal injuries. John F. Von Pfeiffer, of Readville, Mass., and Mary McSweeny, and Mrs. Loretta McCrokan, of Philadelphia, may not survive. Mrs. McCrokan received several broken ribs and internal injuries. The wreck will be responsible for two more deaths if Mrs. Sarah Calabra, also of Philadelphia, succumbs for she is about to give birth to a child. Three of her children, aged from two to five years, were injured but not seriously.

Drove Him Stark Mad.

At one hospital is W. A. King, a young machinist, who recently came to Bridgeport from Kansas City, and went to Philadelphia to meet George H. Kirby, who was coming from Kansas City. Although King shows hardly a scratch, the accident drove him stark mad. He raved and shouted continuously for his "pal," "when they were dragging me out I saw two legs under the wreckage," he said in a lucid moment. "The trousers were the same kind George wore."

Kirby has not been found, although Bridgeport was his destination, and it is feared he may be one of the unidentified dead men. The other is a negro whose ticket read from Philadelphia to Boston, and whose trunk was checked from West Chester, Pa.

Worst Wreck Since 1853.

On May 5, 1853, there was a wreck at South Norwalk, Connecticut, in which 44 lives were lost. Since then, until today the New Haven Railroad has been singularly free from serious disasters. When the Federal express, bound from Washington to Boston, leaped the embankment this morning at a cross-over switch, a day coach next to the baggage car was caught at the bottom of the heap and smashed into matchwood. Not a single person inside escaped death or serious injury. The five heavier Pullmans that crashed down after it, held together and the sleeping passengers inside, although badly shaken for the most part suffered no worse than broken bones and bruises.

Engineer a New Man?

Automatic signals protected the "cross-over" which the express had to take to enable it to stop at the station here and the rules of the line prescribed a speed at this point of not more than 15 miles an hour. Stories that the engineer was a new man not accustomed to a train of such importance and that the towerman was not at his post were denied by the company in an official statement. The fact remains, however, that when the express darted across the trestle where the switch is located it was running nearly 60 miles an hour When it struck the "cross-over," the engine leaped the rails, dragging all but three of its cars along.

The towerman says that when Curtis' locomotive whizzed by steam had been shut off and the brakes were grinding on sand. He believes the engineer realized his mistake and was trying to slow down, although too late.

Bodies are Identified.

Several hours elapsed before Mrs. Walcott, was identified. She is the wife of Chas. D. Walcott, of Washington, a director of the Smithsonian Institution. Mr. Walcott telephoned that he had left Washington and would be here late tonight.

The bodies of the engineer and fireman were identified by railway employes. W. H. Boyd, of New York, a member of the train crew is still missing.

Engineer Curtis is said by brother

(Continued on Page Eight.)

CHARRED BODIES WERE FOUND

Young Farmer and Wife Burned in Their Home in Johnston County —May Have Been Murdered —Investigation.

Raleigh, N. C., July 11.—A special received here tonight from Princeton, Johnston county, gives the particulars of a horrible discovery made near that town a few miles in the country today.

Arthur Percuval, a young farmer of prominent family, and his wife were burned to death, after probably being murdered, sometime early this morning.

Their charred remains were found by neighbors who, in passing the neighborhood, noticed that the home was burned down.

There are two theories, upon one of which the authorities will act, namely that the residence was robbed and the occupants murdered and the house burned to conceal the crime. The other is that the fire occurred accidentally and Mr. and Mrs. Perceval were burned to death without awakening. An investigation is in progress tonight.

TAFT'S GREATEST EFFORT.

Universal Peace Would Be Crowning Glory of His Achievements.

Atlantic City, N. J., July 11.—"If Taft succeeds in winning his campaign for universal peace, he will win with it a place among the foremost statesmen of the world. It will be the crowning glory of his achievements," declared former Vice President C. W. Fairbanks, before the Christian Endeavors tonight. 'Our great nation by its widespread influence in China, Corea, and similarly situated countries," he added, "has downed absolutism and paved the way for general adoption of constitutional government."

Among the several resolutions introduced in the convention tonight and adopted was one wuich provides for a country-wide anti-saloon campaign, the slogan of which will be, "A Saloonless Nation by the Fourt of July, 1920."

The other resolutions comprehended an unqualified endorsement of the absolute stand taken by President Taft, in his advocacy of peace and especially of the peace treaty between Great Britain and the United States; indorsement of President Francis E. Clark's suggestions looking toward international organization and inter-denominational organization of the Christian Endeavor Society; commendation of the Postmaster General's action in closing postoffices on Sunday; the urging of Sunday laws; indorsement of the religious forward movements; recommendations that Christian Endeavors take a lead in the safe and sane Fourth of July idea; committing the Christian Endeavor societies to the enforcement of laws and finally the recognition that "neither in private morals nor in the public prosecution of law breakers is there the slightest apology for the existence of a double standard."

The convention this afternoon secured pledges for $40,000, of the $25,000 fund they expect to raise before the close of the meeting here to add to a fund of $175,000 already secured for the international headquarters building at Boston.

ROBESON COURT OVER.

Much Work Accomplished—"Tigers" Captured in the "Meadows."

(Special Star Correspondence.)

Lumberton, N. C., July 11.—Criminal Court, which convened here a week ago yesterday, adjourned this afternoon, having practically cleared the docket. Only three prisioners remain in jail. One of them was to have been tried for murder, but important witnesses could not be found and the case had to be continued. The other two prisoners belong to Hoke county. During the term over 150 cases have been disposed of. Three colored and one white defendant were sent to the penitentiary, while between 15 and 20 were sent to the roads. Blind tigers have fared unusually bad. Deputy Barnes made a raid in the "Meadows" this afternoon and arrested Chas. Brown and wife and Alex. Blount and wife, charged with retailing. They were brought into court and when the judge asked them if they had been selling liquor they "'fessed" up. Brown got 12 months, Blount 6 months and the two women were required to pay fines of $25 each. The "Meadows" received the severest blow it has ever had, and Deputy Barnes is receiving hearty congratulations on all sides. It is generally conceded that Judge Whedbee is the best that has held criminal court in Lumberton in many years, and it will cause much regret when his time is out on this circuit. Court was in session only seven days, but more work has been done than was ever done here before in a full two weeks' term. The grand jury in its report, we understand, exonerated Jailer Floyd of the charges recently preferred against him in regard to the filthy condition of the jail.

One hundred and thirty-seven tickets were sold at this place for the Johnson City excursion, which passed here this morning.

New York, July 11.—President Edward Barrow, of the Eastern League, today authorized a denial of stories that certain changes are contemplated in the Eastern League circuit either as to the transferring of certain clubs to class B. cities, or giving up Buffalo, Baltimore or Toronto to the major leagues.

AMERICANS LOSE AT LONDON MATCH

Englishmen Finally Defeated Visiting Athletes in Various Events.

MARKED BY EXCITING SCENES

Oxford and Cambridge Take First Victory From Harvard and Yale in Several Years—Unusual Enthusiasm.

London, July 11.—The Queen's Club was the scene today of the most exciting contest in its long history, when Oxford and Cambridge defeated Harvard and Yale in the fifth meeting of the oldest universities of the two nations. The climax was dramatic in the extreme. Each nation had won two meetings, and each had to its credit four of today's events. Victory depended upon the last event, the one mile run.

A British sporting gathering such as that today is usually of the upper class and this was purely a university assemblage, because the admission price had purposely been kept high enough to exclude the masses. Until the final event there was no demonstration of any kind—only moderate applause for the winners. But when six young athletes toed the mark for the crucial test silence fell over the scene, followed by a wild demonstration when Baker, of King's College, Cambridge, running a clever race, sprinted in a winner by five yards from Moore, of Oxford, who was second, with Lawless, of Harvard, third. The time was 4:27 3-4. Baker, who will be forever illustrious in the annals of the light blues, was carried off the field on the shoulders of his comrades, while the band played "God Save the King." It was such an uproar as might have been witnessed at some American meeting.

The two teams were remarkably evenly matched. The Americans practically had walk-overs in the jumps and hurdles. The hammer throw was conceded to the Oxford Rhodes scholar, Putnam, of Kansas, but the Americans counted upon a fair proportion of the runs. That the Englishman took four out of five of these, including the one mile and the two miles, confirmed the fears that the climate much weakened the staying powers of the Americans. The latter as usual, appeared more highly strung and more nervous than their rivals. The record as a whole, were only average for an international meet.

No unpleasant incidents marred the meeting, and all conceded that the Americans are good sportsmen.

Speaking of the results tonight, Richard C. Floyd, the Harvard manager, who was in general charge of the Americans, said:

"The English distance runners defeated us. This goes to show, as it has so often done, that it is hard for distance runners to come across the ocean and keep in the best form under radically different climatic conditions. However, we do not offer any excuses. We hoped to win the odd event and are disappointed that we did not. Nevertheless, we have had a splendid time and have been treated perfectly."

J. A. Carson, the Yale manager, said: "We depended upon winning the hammer throw and the 100 yards. When these were taken away we could not win. The men worked their hardest and gave all that was in them.

"Perhaps if Kelley had not injured his ankle, the result might have been the reverse. He suffered a great deal, but pluckily ran."

PLAN 100-STORY BUILDING.

Such Structure Probability of Near Future in New York.

Cleveland, O., July 11.—Addressing the convention of the National Association of Building Owners and Managers here today, George T. Mortimer, of New York, said that plans for a 100-story building, 1,200 feet high, have been drawn and that such a structure is a probability of the near future in New York.

Reginald P. Bolton, also of New York, discussing modern office buildings said that many of New York's buildings are "monuments of uselessness."

LIVED REMARKABLE LIFE.

Reaches 94 Years and Had Never Seen City or Train.

Nashville, Tenn., July 11.—Mrs. Polly Monw, 94 years old, is dead in North Christian county, according to a special from Hopkinsville, Ky. She had lived all her life on a farm, outlived two husbands and had never been to town, although living within two miles of Crofton. She had never seen a train and had an antipathy for "new fangled things."

Lexington, Va., July 11.—The 23rd annual convention of the Virginia Press Association met here today. President Clarence J. Campbell, of Amherst, presided. and the welcoming address was delivered by Dr. George H. Denny, of Washington and Lee University. C. B. Cooke, of Richmond, responded to the address of Dr. Denny. A general discussion of newspaper work took up the greater part of the afternoon session. Mrs. E. W. Bissell, of Staunton, spoke on "Woman Journalism."

BOLD WITNESS AT ITALY TRIAL

Calls Camorra Organization Greatest Criminal Association — Great Tumult Among Prisoners—Excitement.

Viterbo, Italy, July 11.—Captain Fabroni, of the Carabineers of Naples, who has been investigating the Camorra for years past, took the witness stand today and denounced the organization as the greatest of all criminal associations. He proved an exceptional witness, facing the prisoners in the cage without a tremor, and giving testimonies which embraced the doings of the Camorra almost from the beginning of its history.

The chief object of the organization he declared is blackmail and usury. Whoever betrayed the members was subject to punishment of beating or murder. A typical example was found in the Camorrist Danna, ostensibly a cobbler, who collected $160,000. Special members of the association, he said, introduce youths to women, who take them to gambling places where they lose their money and run into debt. Then the usurer completes the work. Erricone, the alleged leader of the Camorrist, continued the witness, was on trial on such a charge.

"But he was acquitted," shouted Lawyer Bovio, for the defense.

"Everyone knows what acquittals mean in cases in which the Camorra is connected," retorted Fabroni. "Besides, the lawyer defending Erricone was the brother of the president of the court who acquitted him.

This was a signal for a great tumult. Erricone in the cage leaped to his feet and dashed at the bars shrieking incoherently. The lawyers, especially Bovio, protested against what they considered an insult to the Neopolitan judges and lawyers. Bovio, addressing Fabroni, accused him of a vulgar insinuation and outrageous conduct.

Captain Fabroni, who faced the hurricane courageously, sprang towards Bovio. "After the documents you had forged in Paris, I refuse to lower myself to your level," he cried.

The excitement was intense. Police and carabineers rushed between Fabroni and the lawyer, as a hand to hand fight seemed imminent. The president of the court tried to quell the clamor. He finally requested Fabroni and Bivio to withdraw their words, which they both did. Fabroni explained that the documents to which he referred had to do with the defense of Rapi, the alleged treasurer of the Camorra, when he lived in Paris.

When the interrogations were continued, Fabroni described the gambling house conducted by Rapi, and Rapi's cleverness in cheating at cards. Rapi protested so violently that President Bianchi ordered him removed from the courtroom.

Fabroni said that nothing could escape the Camorra, which makes money out of everything and every person, including poor emigrants going to America.

GATES IS OUT OF DANGER.

American Financier Passes Through Critical Stage of Illness.

Paris, France, July 11.—John W. Gates, the American financier, passed through a critical stage of his illness today. Alarming symptoms developed during the morning hours, but the attending physician, Dr. Gros, said tonight that Mr. Gates' condition had slightly improved.

The crisis of the disease, Dr. Gros said, will develop within the next 48 hours, and he still considers that there is a chance of pulling the patient through.

Rochester, N. Y., July 11.—That the Mystic Shriners should buy 5,000 acres of land somewhere to establish a mecca for the organization where its annual imperial councils should be held, was the suggestion made by Imperial Potentate Fred A. Hines, of Los Angeles, at the first business session of the council today. One of his reasons for making this recommendation was that it is almost impossible for any city to care for the council and its following.

OUTLINES.

Twelve persons were killed and 44 injured when the Federal Express on the New York, New Haven and Hartford Railroad plunged over an embankment near Bridgeport, Conn., yesterday. This was the worst wreck on the road in 58 years——American athletes lost in the International meet at London yesterday. Unusual enthusiasm was displayed. The Englishmen won their first victory in several years over Harvard and Yale——Former Vice President Fairbanks in addressing the Christian Endeavor Convention yesterday at Atlantic City, N. J., said that if Taft succeeded in winning universal peace it will be the crowning glory of his achievements——The Congressional inquiry into the American Sugar Refining Co., will be shifted from Washington to New York next week——Senator Bailey prevented the reciprocity bill from coming to final passage in the Senate yesterday.

New York markets: Money on call steady 2 3-8 to 2 1-2 per cent., ruling rate 2 3-8, closing bid 2 3-8, offered at 2 1-2; spot cotton closed quiet 15 points higher, middling uplands 14.25, middling gulf 14.50; flour was steady with a fair local trade; wheat firm, No. 2 red 94 elevator and 95 1-4 fob afloat; corn firm, export No. 2 corn 69 fob afloat; oats steady, futures closed nominal; rosin quiet, turpentine steady.

SMITH WILL LAND SENATORIAL TOGA

Election of Georgia Governor Assured by Test Vote Yesterday.

BROWN MAY BE SUCCESSOR

Contest for Governorship Has Begun to Take Shape—Balloting Yesterday Practically Settled Senatorial Fight.

Atlanta, Ga., July 11.—Governor Hoke Smith's election as United States Senator to succeed the late Senator A. S. Clay, was made practically certain today when a total of 128 votes were cast in his favor in the two Houses of the Legislature, each House voting separately, or 13 more than enough to elect on joint ballot. In the Senate he received 21 votes and in the House 107, while his nearest competitor, Senator J. M. Terrell, received 17 in the Senate and 36 in the House, a total of 53.

The general expectation tonight is that Governor Smith will be elected on the first ballot when the two houses meet in joint session tomorrow.

As a result of the voting today Pleasant A. Stovall, of Savannah, who received two votes in the Senate and 17 in the House, tonight withdrew from the race, giving as his reason that today's balloting had practically settled the Senatorial contest.

The contest for the governorship, which is expected to be vacant as a result of the balloting for Senator tomorrow, has begun to take shape. John M. Slaton, president of the State Senate, who by virtue of his position will be governor interim between the resignation of Governor Smith and the election of his successor and who was expected to be a candidate for governor to succeed Governor Smith, simplified the situation somewhat today by announcing that he would not be a candidate for governor, but would support former Governor Jos. M. Brown for that office. It is stated in many quarters tonight that should ex-Governor Brown announce himself a candidate for the governorship, he will have little opposition. He has so far declined to commit himself, however, in regard to the governorship.

ALASKAN INCIDENT AGAIN.

Administration Has Decided to Let Congress Reach Own Conclusion.

Washington, July 11. — Although many denials have been made that government officials intended to permit the Guggenheim interests to control Alaskan transportation through a monopoly on the water front of Controller Bay, in that territory, the administration had decided to let Congress reach its own conclusion and every scrap of information relating to the matter will be sent to the Senate as soon as possible.

While President Taft and the members of his cabinet have voiced the opinion that an investigation will show nothing even remotely resembling such an attempt to favor the Guggenheim interests, an attempt in which the names of C. P. Taft, the President's brother, and former Secretary of the Interior Ballinger have been coupled, they determined that every effort should be made to clear the situation.

At the regular session of the Cabinet today the Controller Bay affair was discussed at length. It was decided that all the departments interested—War, Agriculture, Interior and Commerce and Labor—should be urged to make their reports on the case as quickly as possible. It was stated tonight that all the documentary evidence in the case probably will be in the President's hands early next week, and that it then will be sent immediately to the Senate, in answer to a resolution adopted late in June, calling for all such information.

A list of witnesses made up late today by the committee conducting the inquiry is said to include the following:

Chas. P. Taft, brother of the President; Daniel Guggenheim, head of the Alaska Syndicate; Frank H. Hitchcock, postmaster general; Walter L. Fisher, Secretary of the Interiar; Richard S. Ryan, the alleged promoter, and a large number of land office clerks. The inquiry promises to be a long one.

BIG FIRE AT SALISBURY.

Building Was Destroyed, Entailing a Loss of $50,000.

Salisbury, N. C., July 11.—Fire of an unknown origin at 2 o'clock this morning gutted a two-story brick store building in Salisbury owned by John Y. Hedrick and occupied by J. Feldman, a clothier. The loss is said to be about $50,000. The heaviest loosers are: J. Feldman, stock valued at $40,000 with $20,000 insurance. J. Y. Hedrick, building $15,000, insurance unknown. Arey Hardware Company, damage to stock by water $2,000. V. Wallace & Sons small damage to stock by water. The fire was one of the worst in Salisbury for several years.

See those parasols we are closing out at $1.29. C. H. Fore & Co **

SUGAR PROBE SCENE SHIFTED

Congressional Inquiry Will be Changed from Washington to New York Next Week—Important Witnesses.

Washington, July 11.—The Congressional investigation of the American Sugar Refining Company will be transferred from Washington to New York next week. The House Committee of inquiry into the so-called Sugar Trust will sit in New York beginning next Tuesday and the session there will continue throughout the week.

Among the witnesses already subpoenaed to appear before the committee in New York are John Arbuckle, head of Arbuckle Bros., a competitor of the "trust"; John E. Parsons, former counsel of the American Sugar Refining Company, and Washington B. Thomas, vice president of the American Sugar Refining Co.

The committee will hear probably next Thursday Milton D. Purdy, of Minneapolis, former assistant attorney general, who, while acting attorney general of the United States, expressed a purpose to prosecute "Sugar Trust" officials in connection with the Pennsylvania Sugar Refinery absorptions in 1903. George H. Earle, Jr., of Philadelphia, charged before the committee recently that former President Roosevelt did not act in accordance with Purdy's expressed purpose. This phase may be inquired into in New York.

A death bed affidavit of Gustav E. Kissel, of New York, indicted jointly with former officers of the American Sugar Refining Company on the charge of conspiracy to restrain trade through the absorption of the Pennsylvania Sugar Refining Company in 1903, was introduced in evidence today before the House Sugar Trust Committee.

The affidavit, never before made public, was submitted by T. S. Fuller, counsel for the sugar trust, upon request of Wm. B. Guthrie, Kissel's attorney and members of Kissel's family.

"The affidavit," said Mr. Fuller, "was taken in the hospital in New York a few days before Mr. Kissel's death last April, when he realized that he probably would not live to go to trial on the indictment."

Kissel's statement was that he had expressed a desire to testify under oath before the Federal grand jury regarding his connection with the $1,250,000 loan made by the American Sugar Refining Company, through him to Adolph Segal, of Philadelphia, on which transaction Kissel's indictment was based, but that he had been indicted before he had an opportunity to testify.

Conscious of his "dangerous" illness, Kissel made this declaration:

"The charge made in the indictment that I entered into an unlawful conspiracy with the directors of the American Co., and the defendant Harned, or anybody else in any way or form, is untrue and the allegations that I deceived Mr. Segal at any time or in any way, and that I wrongfully and unlawfully endeavored to injure him financially and to hinder his paying his debts and to prevent the Pennsylvania Sugar Refining Co., from engaging in business, are without foundation or support in the facts and directly in conflict with the truth. I did everything in my power in good faith to assist him financially and to help him pay off the loan and start the refinery, and my financial interests were at all times with him and not with the American company."

Kissel admitted voting to close down the Pennsylvania Sugar Refinery because it required too much money to operate.

A REBUKE FOR SIMMONS.

Chairman Eller Disclaims Connection With Lumber Matters.

Raleigh, N. C., July 11.—State Democratic Chairman Eller, of Winston-Salem, N. C., in a telegraphic letter received here tonight refers to United States Senator Simmons' reference to him and the attitude and acts of the State Chairman and Democratic headquarters, which he declared in his speech justified him (simmons) in his position on lumber.

Eller reproduced some publications for campaign purposes gotten up by the man who had charge of the "literary bureau" at State Democratic headquarters, A. J. Maxwell, who was then a lumber man actively engaged in the business.

The concensus of the statement seems to be that Mr. Maxwell and not Chairman Eller was responsible for the things which Mr. Simmons declares gave him party authority for the attitude he assumed in Congress on the lumber schedule.

Mr. Eller denies that he agreed with Senator Simmons in the matter and concludes by saying:

"If the Republican party should have the making of the new tariff, free lumber, but protected machinery, might be expected. If the Democrats write it, free lumber and free machinery might be expected. That no promise is made the people unless the Democrats write the tariff law."

Maxwell at the time he was connected with State headquarters was also principal clerk to the State Senate. At present he is chief clerk to State Corporation Commissioner.

New York, July 11.—Directors of the Virginia Carolina Chemical Company met today and reduced the dividend on the common stock from five to three per cent. annually. Poor earnings is given as the cause for the reduction.

OFFICERS OF ELKS NAMED AT REUNION

J. P. Sullivan Chosen Grand Exalted Ruler After a Warm Fight.

BIG DAY AT ATLANTIC CITY

Sullivan Forces Celebrated Their Victory Last Night—Southerner Was Chosen—Other Officers Are Given.

Atlantic City, N. J., July 11.—Terminating the closest campaign in the history of the order, the Grand Lodge of Elks this afternoon elected John Patrick Sullivan, of New Orleans Grand Exalted Ruler. Tonight the Sullivan forces have taken full control of the board walk and piers in celebration of their victory.

The remarkable fight made by Chas. Rasbury, of Dallas, Texas, for the office made the result in doubt until late in the afternoon. Sullivan received 814 of the 1,602 votes cast; Rasbury 547 and Arthur Moreland, of New York, editor of the Elks' Antler, polled 233. Willard Ticknor, of Buffalo, got but eight votes.

Tullis Wright, a past exalted ruler, of Philadelphia lodge, who attempted to win the office of esteemed loyal knight, got but 498 votes, while Frank A. King, of Providence, who was pushed into the fight when Wright's intentions became known, polled 899.

Four candidates out for the office of grand trustee, failed to get the required majority and a second ballot will be taken tomorrow.

Other officers elected include: Grand Esteemed Leading Knight, L. M. Level, of Florida; Grand Esteemed Lecturing Knight, Frank B. Kingsley, of Kansas; Grand Secretary, Frederick C. Robinson, of Dubuque; Grand Treasurer, Edmond Leach, of New York; Grand Tiler, P. H. Shields, of West Virginia, and Grand Inner Guard, L. P. Leveroni.

RECIPROCITY NEARS PASSAGE.

Senator Bailey Prevented Vote on Bill Yesterday.

Washington, July 11.—Only the interposition of a three hour speech by Senator Bailey, of Texas, and the submission of one of his amendments to the Canadian reciprocity bill, prevented that measure from coming to a final passage in the Senate today. The opponents of the bill were caught napping by the Senate leaders with no one ready to speak against the measure and no amendments ready to be offered.

Senator Bailey, the chief Democratic opponent of the agreement, was finally forced to take the floor and offer his amendment to attach the farmers' free list bill recently passed by the House, to the reciprocity measure. His amendment, which was not voted on, omitted the agricultural provisions of the free list bill.

"I have been holding the floor this afternoon," Mr. Bailey finally admitted, "because I promised the Senator from Wisconsin (Mr. LaFollette) that I would not let the bill come to a vote until he can get ready to speak."

Chairman Penrose and the other leaders who are pushing the reciprocity bill through held the Senate in session until 6 o'clock P. M. From now on the Senate will be in session until 6 o'clock or later and all efforts for delay will be frowned upon. This is expected to force the opponents of the measure to hasten their speeches and the presentation of their amendments.

Senator Penrose tonight predicted that a vote on the passage of the bill would be reached next week. He is not insistent upon fixing in advance a time for the final vote which will be taken when the debate is exhausted.

Senator LaFollette's long speech is expected any time after tomorrow. He will ask for a day after introducing his amendments, which he expects will be tomorrow or Thursday. Meantime, his friends will try to prevent a vote until he can be heard. Senators Bristow and Borah may speak tomorrow.

URGED TO PRAY FOR RAIN.

Showers Fell as Governor Issued Proclamation in Virginia.

Richmond, Va., July 11.—Governor Mann issued a proclamation today, calling upon the people of the State to pray for rain. Within an hour of the time the document left his hand refreshing showers fell upon the capital, at least reducing the temperature 20 degrees from the maximum of today, which was 97 in about 20 minutes. A great deal more precipitation is needed in the State, however. Today's showers were not at all general.

CHANGES ON SEABOARD.

General Industrial Agent Resigns—His Successor Named

Norfolk, Va., July 11.—J. Wesley White, general industrial agent of the Seaboard Air Line, has resigned, effective August 1st, to become traffic manager of the International Agricultural Corporation, with headquarters in Atlanta, Ga. He will be succeeded as general industrial agent of the Seaboard by J. A. Pride, now assistant general freight agent at Atlanta.

Smith, Juul, and McLean; Chalmers and Dooin. Time 2:18. Umpire Rigler.

Brooklyn, July 11.—Chicago took the first game of the series here today six to two, in a battle that was evenly fought up to the fifth when the Brooklyn defense broke up. Two errors and two hits let in three runs, and the league leaders added two more in the ninth on a triple by H. Zimmerman, and a homer by Doyle.

Chicago .. ....100 003 002—6 7 1
Brooklyn .. ....100 000 100—2 8 2

Brown and Archer; Barger and Erwin. Time 1:37. Umpires Johnston and Eason.

AMERICAN LEAGUE.

St. Louis .. ....02. 100 000—3 9 2

Warhop and Blair; Powell, Lake and Clarke. Time 2:00. Umpires O'Loughlin and Connelley.

PERIL IN HOUSE OFFICES.

Master Key Gone and Culprit Unknown—Double Guard.

Washington, July 11.—The master key to all the door locks in the House office building has been lost or stolen. Officials are much disturbed, guards have been doubled and orders for extra vigilance have been given.

After six o'clock at night no person can enter the building without the written order of a member of Congress. Persons found in the building after the hour, or attempting to leave, unless known to the guards will be detained until their identity and presence are explained.

Some of the chairmen and members of the special investigating committees which meet there regard the affair as serious, but claim to have no definite suspicions. The person in possession of the master key could rummage every office in the building unless caught by the guards.

FINED AND SUSPENDED.

Imposed by President Lynch on Player Magee.

New York, July 11.—Besides indefinitely suspending Player Magee for his assault on Umpire Finneran, President Lynch of the National League, has imposed a fine of $200 upon Magee. This was announced at National League headquarters tonight following the return of President Lynch from Philadelphia, where he went to investigate the affair. The fine is the limit allowed by the National League regulations.

RACES AT INDIANAPOLIS.

Anvil Won Honors in Three Close Heats Yesterday.

Indianapolis, Ind., July 11.—Anvil, a bay horse driven by the veteran E F. (Pop) Greers, today defeated A. McDonald, a bay mare Nanah, in three close heats and won the 2:20 trotting stake for $2,500, the feature of the opening card of the grand circuit racing season. The track was a little slow from yesterday's rain, but the feature race was made in good time. A large crowd was present. Betting was brisk on the favorites, but in no case the favorite did not win.

C. the limit, in the 2:04 pace, was backed heavily to win, but the best he could do was fourth. Ginger, driven by Brown, won the race after losing one heat to Ruth D.

With the exception of the 2:07 pace, all races were won in straight heats. Summary:

First race, 2:18 pace, 3 in five, purse $1,000. Fanny Stanton, B. M., by Bingin, won; Longworth B., B. H., second

Nellie G, B. M., third.Best time 2:10 1-4.

Second race, 2:20 trot, 3 in 5, purse $2,500. Anvil, B. H., by St.Valient Vincent won; Nanah, B. M., second; Jack Vassar, B. G., third. Best time 2:10.

Third race, 2:07 pace, 2 in 3, purse $1,000. Ginger, B. H., (by Angus M.) won; Ruth D., B. M., by Anderson Wilkes, second; Sunny Jim, S. H., third. Best time 2:06 1-4.

Fourth race, 2:15 trot, 2 in 3, purse $1,000. R. T. C., Ch. G., by Prince March, won; Alva Dillon, B. H., second. Sue D, Br. M., third. Best time 2:12 1-2.

BASEBALL AT CHADBOURN.

Locals Defeated Whiteville Nine in Eight Inning Contest.

(Special Star Correspondence.)

Chadbourn, N. C., July 11.—Chadbourn defeated the Whiteville team on the local diamond yesterday afternoon in a well played game, which was called at the end of the eighth inning on account of darkness.

The bright particular star for Whiteville was the work of Lewis at the receiving end, also the manner in which Burkhead covered the territory adjacent to third, while for the locals the battery work of Tate and DeVane featured, the latter striking out 17 out of the 24 men who faced him, allowing only two scratch hits. The score:

Whiteville .....000 000 30—3 2 4
Chadbourn .....021 010 01—5 7 2

Batteries: Ardrey, Lewis and Council; Tate and DeVane.

COMPOSER DIES SINGING HYMN.

"Play Again, Child," the Musician Commands, and Expires.

Chicago, July 10.—Singing snatches from his own compositions, John P. Jones, noted Welsh composer and vocalist, died yesterday at the age of 88. The 17-year-old granddaughter of the composer sat at the piano. The audience was made up of the four maiden daughters of Mr. Jones, all teachers in the Chicago public schools, who have kept house for him many years, and several other relatives and friends.

As the player began to strum the melody of "Congress Street," Mr. Jones' favorite among the hymns of his own composition, the aged singer took up the words. Almost as clear and rounded as in early years his voice rose above the accompaniment.

"Play again, child," the aged man commanded. One after another he ran through the repertoire of his own compositions. Then came another favorite to the air of "Eva," named by the composer after one of his daughters. After a few words the old musician's voice faltered and he was dead in a few minutes.

HUNDREDS KILLED, SHIPS SUNK.

Japanese Coast Swept by Destructive Storm—Buildings Wrecked.

Seattle, Wash., July 10.—Details of the great storm in the Japanese coast June 20, were brought by the steamship Kumeric, which arrived today from the Orient. Several hundred lives were lost and many ships destroyed.

A tidal wave swept the port of Alaska, where the water rose five feet and the steamer Miye washed ashore. At Nagoya, where the water demolished the break water, the Kanon, 1,200 tons, was thrown on a pier and 24 ... vessels and junks were wrecked.

Seventy vessels were wrecked or damaged between Yokiochi and Nagoya.

In the city of Nagoya 135 buildings collapsed and 370 were damaged. Off Odawara 30 fishing vessels were blown out to sea and more than 100 fishermen perished.

WELLS AFTER A MATCH.

English Light Weight Wants to Fight Ad Wolgast.

New York, July 11.—Despite last night's announcement from Los Angeles that Ad Wolgast would fight Freddie Welsh on Thanksgiving Day and would not fight anybody before that time, Matt Wells, the English lightweight has not given up hope of making a match with the American light weight title holder. George McDonald, manager for Wells, announced tonight that he had signed a supplementary agreement with Tom O'Day, representing the Metropolitan Club, of San Francisco, for a fight between Wells and Wolgast at San Francisco on Labor Day. In this agreement McDonald said he had agreed to all the conditions stipulated by Milton Clark of the Metropolitan Club, through O'Day.

"I feel sure that Wolgast will not let this opportunity slip by," said McDonald tonight. "Wells is champion of Great Britain and is here to meet champions. In making a match with Welsh, Wolgast is agreeing to fight a man whom Wells has already beaten."

McDonald said that should Wolgast refuse to make the match with Wells the latter would meet Packy McFarland at Milwaukee on Labor Day.

SHOOTING OF STOKES.

Number of Witnesses on Stand—Important Day.

New York, July 11.—The spotlight shifted frequently today in the inquiry into the shooting of W. E. D. Stokes, the millionaire hotel man. After it had rested upon Ethel Conrad and Lillian Graham, until they had been bound over in $5,000 bail each for a grand jury investigation, it was focused briefly upon James Cummings, Stokes' private detective. Cummings was examined in the investigation of how important letters from Stokes to Miss Graham had disappeared, but the court later dismissed these proceedings.

The testimony indicated that there had been originally two bundles of the Stokes letters. One, tied with a wide red ribbon, was produced in court. The other package, tied with narrow pink ribbon, is the one which Robert W. Moore, the young woman's counsel, declared contained the important letters, is missing. This bundle was picked up, handled and tossed back into Miss Graham's trunk by detectives on the day following the shooting, according to the testimony of John Bloom, superintendent of the apartment house, where Miss Graham lived. Charges were made today against four city detectives in connection with the disappearance of the letters and their trial is fixed for Thursday.

DON'T KISS HUNGRY HUSBAND.

Maeterlinck's Wife Gives Ten Commandments for Married Women.

Paris, July 11.—Mme. Georgette Le Blanc, Maurice Maeterlinck's famous wife, has issued a warning to wives the world over, in the shape of ten commandments, as follows:

1. Never allow hirelings to tend your husband in what concerns his bodily welfare.

2. See that his clothes are ready each day and befiting the season of the year.

3. Assume the qualities of a barometer, that you may foresee the electric disturbances which visit every menage.

4. When your husband is in a bad temper don't develop similar symptoms, but when he is merry imitate him unfailingly.

5. Don't fondle him before meal time—kisses to a hungry man are as soap bubbles to a parched throat.

6. Use your tongue only in agreement; disapproval is best expressed with the eyes.

7. If your husband has the gout, don't insist on walking.

8. If you wish to convince him that you are a better actress than Bernhardt and a sprightlier dancer than Paviowa, show him that you are a better cook than Escoffier.

9. A wife's duties are, among others, to smooth over domestic tiffs—a man never admits he is in the wrong—to attend to the household finances, and to have an eye for the week after next.

10. Finally, never lose sight of the fact in making all these sacrifices that if man supports the family woman is his superior in far more ways than he is hesr.

REAL TRAGEDY RECORDED.

Diver's Last Feat Caught on Moving Picture Film.

New York, July 11.—A real tragedy was recorded on the film of a moving picture machine here late today. As Albert Breyten, actor and expert swimmer and diver, leaped from a boat on a Staten Island pond the machine was set in motion, its lens focused on the bubbling surface of the pond where he had disappeared, to picture his aquatic feats as he came to the surface. The moments passed and the widening circles from the impact of his dive touched the shores.

The diver's last feat had been caught on the film. He did not appear and is supposed to have been held fast by the soft mud at the bottom. His body was grappled for and recovered.

"MOONSHINE" IN BROOKLYN.

Revenue Officers Raid Three Alleged Illicit Stills.

New York, July 10.—Internal revenue officers today made a raid upon three alleged illicit stills in Brooklyn and arrested four men, who, it is charged, have been interested in the manufacture and sale of a cheap grade of whiskey, of which many thousands of gallons have been sold in Brooklyn in the last year. Complete outfits of mash tubs and kettles were found.

Revenue Agent John A. Sinsel and Deputy Revenue Collectors Moore, McGuire and Ray began the hunt for the makers of the moonshine whiskey several months ago, but it was some time before they discovered a clue which led them to watch houses in Flushing avenue and in Emerson Place.

MORE VICTIMS OF HEAT.

Many Deaths in Philadelphia—Fearful Toll Shown.

Philadelphia, July 11.—Twenty-six more deaths were added to the list of heat victims in this city today, making the total since July 2nd 161. The maximum temperature was the same as yesterday, 97.

Baltimore, July 11.—Two deaths and ten prostrations were reported as a resul of the heat here today. The weather bureau thermometer registered a maximum temperature of 96 degrees.

Boston, Mass., July 11. — All New England suffered again today from a continuance of abnormally high temperature and the number of deaths and prostrations was considerably swelled. The heat drove Thos. O'Hare, of Fall River, to suicide, resulted in a strike at Woonsocket, where employees of the Montrose Woolen Weaving Mill refused to remain at work, and caused scores of deaths.

Three deaths from heat were recorded today in Beverly, the summer capital, on the North Shore.

New Haven, Conn., July 11.—The hot weather continued throughout the State today, claiming 13 victims, 5 of whom were drowned while seeking relief in the cool waters.

New York, July 11.—Twenty-five deaths in the Metropolitan district today were attributed to the heat. There were more than 200 prostrations.

BABY LIVES AFTER FALL.

Crawls Out of Window and Drops on Garbage Pile.

New York, July 10.—John Kelly and his wife, living at 152 Eighth street, Brooklyn, got a shock early today that they will never forget.

Hearing urgent knocking at their door they opened it to find an ambulance surgeon there with their 13-month-old boy in his arms. The baby's head was bleeding from cuts and scratches.

Little James, who is active for his age, had awakened at daylight, crawled out of the crib, crept to an open window and fallen through the fire escape to the ground four stories below.

The baby landed on a pile of garbage, which accounts for his not being killed outright. The janitor heard the infant's cry and sent for an ambulance. The surgeon found that the baby had escaped serious injury.

The baby crowed and laughed in glee when placed in his father's arms. His mother had fainted.

SOUTHERN RAILWAY LOSSES.

Eight Tanneries in South Won Rate Contest.

Washington, July 11.—Eight companies operating tanneries in different parts of the South, today won a contest against the Southern Railway Company and other North and South carriers, when the Interstate Commerce Commission held that the recent advance of two cents a hundred pounds on the products of Southern tanneries to Northern and Eastern markets was unreasonable. The defendant lines will be required to restore the former rates. Leave is granted the tanneries to file complaints for reparation upon the basis of the old rates, the broad intimation of the opinion being that such reparation would be granted.

KENTUCKY REPUBLICANS

Judge O'Rear to Be Nominated for Governor by State Convention.

Louisville, July 11.—With a majority of the delegates instructed for Judge E. C. O'Rear for the gubernatorial nomination, the Republicans of Kentucky are holding a convention here today to name a State ticket to be presented to the voters next Fall.

The leaders have planned a progressive platform, favoring a corrupt practice act, extension of county unit law, a direct primary law and a non-partisan administration of penal and charitable institutions.

A resolution endorsing the administration of President Taft and declaring in favor of his nomination in 1912 will be presented.

REVIVALIST A BIGAMIST.

Former Resident of North Carolina Is Held in Texas.

Texarkana, Texas, July 11.—Rev. J. D. Ginn, a revivalist, was held to the grand jury today after a preliminary trial to answer to a charge of bigamy. Ginn, it is alleged was married to Miss Delia H. Williams, of Redwater, Texas, while still the husband of a young woman of Elysian Fields, Tex. A. Champion and Rev. G. H. Champion, respectively, father and brother of the latter, appeared as prosecutors. It is asserted that Ginn was also known as J. D. Woodward, and J. B. Woods, and at different times resided in Georgia, North Carolina, South Carolina and Alabama.

London, July 11.—The royal commission appointed a decade ago to study the relation between human and bovine tuberculosis, has issued a voluminous final report, which briefly finds that mammals and man can be reciprocally infected, but that there is not sufficient evidence to show that bovine and human tuberculosis are identical. The bovine form, the report says, is constantly transmitted to children through milk, but rarely to adults. The commission recommends a more stringent regulation with regards to milk and meat supplies.

The Coffee With a History

In 1815, after his glorious victory over the British at Chalmette, Andrew Jackson treated his troops to French Market Coffee at the famous old French Market in New Orleans. For over a hundred years back the finale of every Mardi-Gras Ball was to sip a cup of this famous coffee as a "night-cap." Then this famous beverage could be had nowhere else. History repeats itself. You may now serve it daily at your own table. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

"There is but one French Market Flavor"

We roast it in our sunlit plant, where ventilation and sanitation is perfect. Its fame has spread throughout the whole country, so we have perfected a hermetically sealed tin to preserve the rich aroma. No humans touch the golden brown berries from plantation to cup. Just try "French Market Coffee" once—we won't have to urge you a second time. You can get some at your grocer's.

E. L. TRAVIS IS APPOINTED

Named by Governor to Succeed Corporation Commissioner Brown—Ware-Kramer Suit—Johnston County Tax.

(Special Star Telegram.)

Raleigh, N. C., July 11.—E. L. Travis, of Halifax, received from Governor Kitchin this evening his commission as Corporation Commissioner to succeed the late Henry Clay Brown. He went before Judge W. R. Allen in the office of ex-Governor Chas. B. Aycock and took the oath of office so that he will take up the duties of the commissionership Wednesday morning.

It is learned that the matter of appointment was secured Monday morning in conference between the Governor and Mr. Travis. He went home to adjust his affairs so that he might take up his official duties as soon as th commission was issued. Mr. Travis is one of Governor Kitchin's closest personal and political friends and has been a member of the State Democratic Executive Committee for 12 years and chairman of the Halifax county committee since 1898. He was for a number of years chairman of the board of directors of the State penitentiary and has served four terms as State Senator.

Wake Superior Court has set Thursday of this week for the trial of Willie Weaver on the charge of killing Ed Pierce at Zebulon some time ago. Judge Peebles has sent Dallas Edwards, notorious "blind tiger", to the roads for four months. Furthermore his family will have to raise $850 in fines and costs to avert still further punishment under bonds forfeited.

The argument in the $1,200,000 damage suit of Ware-Kramer Tobacco Co., vs. American Tobacco Co., that has been in progress now for four and a half weeks in the Federal court here, was concluded today with the final argument for the defendant by ex-Governor Chas. B. Aycock, which required the greater part of the day. There was a half hour argument when court first reconvened today by F. S. Spruill in rounding up his plea for the plaintiffs as brought over from yesterday. Now there remains the charge by Judge Connor to the jury tomorrow morning. This will probably take a couple of hours. Then the case will go to the jury for a verdict. The impression is pretty general that there will be a verdict for the plaintiff, though the views as to the amount that will be allowed are varied, ranging all the way from nominal to $50,000 and up. None, however, expect the damages to be anything like the amount sued for, since there has been so much pruning of the case in the process of trial.

R. G. Gowen, the tax assessor for Johnston county, is the first to make official report to the corporation commission on the assessment of taxes. He reported today an increase of $3,650,000 in the tax assessment in his county with only two slight complaints on the part of owners of property assessed. His returns show an increase of 14,000 acres in lands for the county, and the boundaries of the county have not been changed either.

The State Department of Education is notified that Snow Hill, in Greene county, has voted a local tax for the improvement of schools. J. E. Debnam is the county superintendent.

DEATH OF COL YOUNG.

His Passing Mourned at Dunn Where He Had Resided.

(Special Star Correspondence.)

Dunn, N. C., July 11.—The many friends of Col. T. L. H. Young will regret to learn of his sudden death at Berklyville, Va., Sunday. Mr. Young had gone to Virginia to visit his daughter, Miss Gertie Young, and his son, Dr. John H. Young, and while calling at a friend's grew suddenly ill and died before medical aid could reach him.

Mr. Young was born in Dinwiddie county, Virginia, in 1829, being 82 years old at his death. He was a graduate of Randolph-Macon College and won distinction and honor in his college career, graduating at the head of his class. He began his business career in Petersburg, afterwards being elected president of the Petersburg Car Works. He resigned this position and traveled a good many years for the Petersburg Trunk and Bag Co., making quite an enviable record as a salesman. Several years ago he moved his family to Dunn and has held the position of salesman for J. W. Priddy & Co., for this territory, which position he held at his death.

Mr. Young was married twice; the first time to a daughter of John P. Prince, of Sussex county, Virginia, and of this union there were two children born; Miss Gertie Young and Dr. John H. Young, of Berklville, Va. The second marriage was to Miss Emily Davis, of Petersburg, who, with her two daughters, Mrs. F. Smith, of Duke; Miss Emily Young, of Dunn, and one son, Mr. T. Young, of Dunn, survive the deceased father.

The funeral services were conducted from the home yesterday afternoon; the body being interred in Greenwood cemetery at 5 o'clock.

Among the members of the immediate family from out of town who were present were: Mr. Morgan, president of the V. C. C. Co., of Richmond; Mr. Dick Davis, a prominent lawyer, of Petersburg; Dr. John H. Young, wife and son, Howard, of Berklyville, and Miss Gertie Young, of Berklyville.

The funeral services were conducted by Rev. F. A. Bishop, his pastor, assisted by Rev. J. N. Cole, of Raleigh.

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c. at R. R. Bellamy's.

C. F. Fore & Co., will offer today 25c. Persian lawn at 17c. **

CROPS IN COLUMBUS.

Diverse Reports Given—Negro Jailed for Old Murder—Notes.

(Special Star Correspondence.)

Whiteville, N. C., July 11.—A number of farmers were in town yesterday and gave the most diverse reports about crops. Mr. J. B. Stanley, from Pireway, says they are burning up there for want of rain and the dry streak extends far into Brunswick county. Mr. John Hooks, who lives in the Prong section, says they have recently had the hardest rain falls he ever knew and last Sunday there was a regular down pour. Mr. Hooks says they are having entirely too much rain for cotton. There are dry streaks all over this section, but over the greaer part of our county crops are as fine as the land can produce.

Yesterday there was landed in jail a negro said to be named Charley Purdy, who is charged with killing another negro, William McCurdy, on July 25th, 1908. The killing occurred at Honey Hill, near Hallsboro, and is said to have been over a woman. Immediately after the killing Purdy left for parts unknown, and the killing was not reported to the officers of the law for more than a week, and in that time Purdy had gotten clear away. A negro said to be the man wanted was found at Boardman, and as stated, was yesterday brought to Whiteville and landed in jail. The prisoner was seen by the Star's correspondent and vehemently denies that his name is Charley Purdy, or that he was ever at Honey Hill. He says his arrest is a clear case of mistaken identity; that he came from South Carolina last February, and at the trial can estabish an alibi. But the officers are confident that they have the right man under arrest. He fully corresponds with the description of Purdy and has a scar on his head just as the man wanted had by which he was identified.

Court will convene in Whiteville next Monday, and there will be a two-weeks' session. There are two murder cases to try and a number of misdemeanors.

The Board of Assessors are in session today, equalizing the value of property. It is thought that the increase in the value of real estate and personal property in Columbus county will amount to about one million dollars.

Mr. Caleb Allen, an old gentleman of this county, near 76 years of age, happened to a bad accident while crossing Pine Log Swamp. He was thrown from his wagon and is suffering very much from his injuries.

On last Friday, Mrs. Thelman Stevens, a beloved lady of the New Hope section, died at the home of her son, Mr. Dezzie Stevens.

Some years ago Hon. O. L. Clark, of Clarkton, bought five thousand acres of land on the borders of Columbus and Bladen counties, between the Prong and Bladenboro, for which he paid only forty cents per acre. Mr. Clark can now get $10 per acre for the unimproved land, which is fast being bought up.

HARDWARE DEALERS.

Those of the Carolinas Meet in Asheville, N. C.

(Special Star Telegram.)

Asheville, N. C., July 11.—The 7th annual convention of the Retail Hardware Dealers' Association convened in Battery Park Hotel this morning at 11 o'clock. The meeting was opened in order by President W. S. Smith, of Gaffney, after which the invocation was by Rev. W. A. Newell, of Asheville. The speakers were introduced by T. W. Dixon, of Charlotte, secretary, with a few pleasing words in behalf of the hardware fraternity. Ottis Green, of Asheville, delivered the address of welcome and was followed by J. H. Tucker who, in a humorous speech, welcomed the visitors to Asheville in behalf of the Mayor. J. Betts Simmons, of Charleston, responded to the welcome for South Carolina members and H. E. Reid, of Reidsville, made the response for North Carolina members. For the associate members including manufacturers, William Bennett, of New York, made a short but appropriate address. The secretary made announcements of the convention following which there were several short talks by associate members. The afternoon was given over to manufacturing exhibits and the delegates spent an interesting afternoon viewing the exhibit which is the most elaborate in the history of the organization. It represents many thousand dollars. The evening session was taken up with a question box discussion under the direction of R. R. Williams, of New York.

OXFORD NEWS.

The Board of Equalization in Session. Sanitary Fight On.

(Special Star Correspondence.)

Oxford, July 11.—The county equalization board met yesterday to hear the complaints of those who thought their property valued too high. Very little kicking was exhibited and only one man took an appeal. The total increase according to Assessor F. W. Hancock, will be about $1,000,000. This will make the total for the county a little over $8,000,000. While the increase has not been as much as the assesosrs thought it would be in the beginning of the work, perhaps it represents a fair valuation.

The sanitary fight is now on in Oxford in full force. Dr. T. L. Booth, the municipal health officers, is determined to carry out the law in regard to the sanitary privy. He is meeting with right much opposition, but is not the kind of person to waver on that account. The offenders, regardless of their wealth and influence, are being brought up before the courts and made to pay the penalty for violations of the law. It is very probable that after the first strain of adjustment to the new order is over, everything will move forward smoothly.

The Methodist church has just installed the new $2,500 pipe organ recently purchased. Andrew Carnegie made a donation of $1,200 on it, the other being raised principally by the ladies of the church.

To Drive Out Malaria And Build Up the System.

Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effectual form for grown people and children 50c.

HARDWARE MEN AT ASHEVILLE.

Assembling for Convention—Funeral of Patrolman McConnell—Notes.

(Special Star Correspondence.)

Asheville, N. C., July 11.—The delegates to the convention of the Hardware Association of the Carolinas are beginning to arrive for the meetings which are to be held here from Tuesday until Friday. Already about 100 delegates have arrived and it is expected that this convention will be the best attended of any in the history of the association. An extensive programme has been arranged and the entertainment will close with an excursion on a special train to Lake Toxaway Friday. One of the most improtant features of the convention is the manufacturers' exhibition and entries have been made by manufacturers all over the country and almost every line of hardware is represented. It is said that the value of the goods in the exhibition will run into the thousands. The exhibition and the sessions of the convention will be held at the Battery Park Hotel where most of the delegates are staying.

One of the largest throngs of people that ever attended a funeral here gathered at the First Baptist church Sunday afternoon to pay tribute to the remains of E. C. McConnell, the patrolman who died Friday at the Mission Hospital as the result of a bullet wound through his body at the hands of a negro supposed to be John Huff whom he had just arrested for stealing cows. The body was escorted to the church from the residence by the Asheville Canton, Patriarch Militant and the First Regiment band. The funeral services were conducted by Dr. W. M. Vines. The body was then taken to Beeverdam and was interred by the Odd Fellows by the side of the deceased's father and mother. A large crowd of people followed the procession to the grave, a distance of about three miles.

The second week of the special term of Superior Court for the trial of criminal cases convened Monday morning with Judge Lane presiding, Judge Webb being unable to hold the second week on account of regular term in Haywood county this week. The greater part of the week will be taken up with whiskey cases of which there are a great number. Before court adjourned Saturday Judge Webb took up the case of Wiley Black convicted in police court of violating the search and seizure law, and on appeal also convicted in Superior Court. He was sentenced to 12 months on the county roads. The jury having the case of Daniel Moody, the negro charged with entering the home of Mr. Owenby at night, returned a verdict of "not guilty" about 9 o'clock Saturday night. The case was hard fought and created much interest.

THRONG OF BUYERS CONTINUE.

Special Half Price Brings Many Patrons to J. Hicks Bunting Drug Co.

The people of Wilmington and vicinity appreciate the great advantage that J. Hicks Bunting Drug Co., obtained for them, in getting the Dr. Howard Co., to allow the regular 50 cent size of Dr. Howard's specific, for the cure of constipation and dyspepsia to be sold at half price, 25 cents, and have bought hundreds of bottles.

Unlike ordinary medicines for constipation and dyspepsia, the dose of Dr. Howard's specific is reduced after a few days' use, and the cure is soon complete and lasting.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents be sure to call at J. Hicks Bunting Drug Co., today, for they have only a small amount of specific on hand.

In reading store ads most people are looking for definite information bout some particular article—hence merchants should quote prices always.

ADVERTISEMENT.

Sealed proposals for laying storm sewers and necessary appurtenances on certain streets in and for the City of Wilmington, N. C., will be received by the Councilmen at the City Hall up to 12 o'clock, noon, July 21st, 1911, and at that time they will be opened and publicly read. Address to P. O. Moore, Councilman of Streets, and endorsed "Proposals for Storm Sewers." The work for which proposals are invited consists approximately of 2,000 lineal feet of sewer, ranging in size from 24-inch to 10-inch, including necessary manholes and inlets.

Each proposal must be accompanied with a certified check in the sum of Five (5) Per Cent. of the contract price, made payable to the Mayor of the City of Wilmington.

Specifications and blank forms of proposals can be obtained by application to the Councilman of Streets, and a full set of plans can be seen at the office of the Engineer.

The right is reserved to reject any and all bids.

PARKER QUINCE MOORE,
Councilman of Streets.
F. F. Pillet, City Engineer.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, July 12, 1911.

The Elks are having a great time in Atlantic City. Of course, we know they are having a good time, for that is what an Elk is a mile high for. An Elk doesn't know what a pessimist is.

A President might want to do the right thing all the time, and he would come very nearly doing it if the advice he gets is disinterested. However, many so-called influential and trusted men have axes to grind without letting the President see the axe.

A Fourth of July orator exclaimed: "What if our noble ancestors could come to life and view the wonderful progress we have made." Nevertheless, they wouldn't be recognized if they would come right up to the automobile and try to get in with the balance of the family.

Editor Buell G. Davis, of the Glen Cove (N. Y.) Examiner, has been in jail since June 7th, having been committed for contempt of court. Considering the temperature at this time, it shows a lack of discretion in any editor to do anything that will result in his being bundled up and carted off to jail.

Recently it was announced from Washington that postal savings banks have been established at 50 second-class postoffices in the South, and now comes the statement that it is quite likely that a postal bank will be established as an experiment in one first-class postoffice in each State. The News and Courier says it is rumored that Charleston may be the South Carolina point.

A great many people are pleased with the "back to the farm" movement because they think George might take a notion to go. Whenever farming pays more than the job the average man is holding down in town there will be a great back to the farm movement—if colored farm hands are plentiful. We'd be tickled to death to see a farmer get as much money for a year's work as other people who imagine they are working.

It is announced that China is building up a merchant marine. Owing to the fact that China can man her ships with cheap labor, she could become a powerful competitor of any nation on the high seas. When the Panama Canal is completed it may be a common thing for the port of Wilmington to report the arrival and departure of Chinese steamers. China's merchant marine may yet cut a big figure in the trade of this country with the Orient.

Representative Henry, of Texas, made a telling speech in which he denounced dollar diplomacy. However, he should know that we can no longer indulge in coon skin diplomacy. The nation has made progress since our ancestors only had to display a few strands of glass beads and a bunch of red handkerchief in order to clinch a treaty with Indians in the acquirement of enough real estaote to carve two or three States for settlement by men who believed in equal rights for all and spcial privileges for none.

Senator Martin, of Virginia, may be on his job in Washington but he keeps his ear to the ground so he can hear how the earth is being pawed up by two or three statesmen who are desirous of displacing him at Washington. The campaign is beginning to sound like a South Carolina primary, for the Senator recently announced that some of the "charges" made against him by his opponent, Congressman W. A. Jones, are "false and slanderous." Of course, if they are, the Senator will be vindicated by re-election, for no politician who is unfair should stand any showing in either Virginia, North Carolina or South Carolina.

SOUTHERN BUILT SHIPS.

Build it in the South.

Build everything in the South.

When there is a demand for machinery, agricultural implements, railroad cars, sailing craft, naptha launches, steamboats, warships and whatever else is in common command, build them in the South.

Why should we attempt to build things in the South, when George can do it up North? Why we ought to build everything in the South because we have the raw material, and can compete in economic construction with the balance of the country. We can build everything in the South and one of the reasons we ought to do so is that we generally do it better. "Built in the South," or "Made in the South," ought to be the brand and label that should at once indicate superiority.

When we do it in the South it's done right. The largest dreadnaught of the United States was built in the South. The United States battleship Delaware was built by the Newport News Shipbuilding Company, and she was the admiration and envy of the naval world during the marine display in English waters in honor of the coronation of King George. She was the premier of the fighting machines. She was made in the South. As she ploughs the great waters on her voyage throughout the world, she ought to carry some conspicuous publicity about the place of her construction. No doubt a close observer visiting her might notice somewhere the finger prints of the Newport News Shipbuilding Company, but if she can't carry conspicuous publicity brands, what's the matter with nice souvenir pictures of her telling all about her and where she was built? It would advertise Newport News. It would speak for the South. The world would soon spread it abroad the impression that the South stands at the head in building great ships.

Now comes Baltimore cutting a great figure in the naval limelight. The Sun paper of July 10th says: "The eyes of the maritime world are now centered on Baltimore to watch the outcome of the construction of the United States collier Neptune, the first turbine collier ever built." The Sun pronounces the Neptune "a modern ship," and says her preliminary trial proved a pronounced success. Evidently the Neptune has something of the tremendous capacity of a coal mine, for she can carry all the coal which a train two miles long could handle. Speaking about this Southern built monster, the Sun says:

"Turbines in trans-Atlantic passenger ships are not new, but they have never been found practicable for battleships or other navy craft of moderate speed. The North Dakota was equipped with turbines and it was found that there was a remarkably high coal consumption and a loss of efficiency for which there was no compensation. She has been laid up for four months with no immediate prospect of being put into commission. Other difficulties have been encountered which a proper set of reduction gears would alleviate. As a turbine makes about 1,500 revolutions a minute, and the propellers rarely more than 100, the gears take up and equalize this difference. The gears on the Neptune, the invention of Rear Admiral George Melville, it is thought, will eliminate all objections to turbines for moderate speed craft. The preliminary trial last week on the bay gave every indication of a successful experiment.

"The Neptune has other claims for attention. Some idea of her great size may be gathered from the fact that she will carry all the coal which a freight train two miles long would handle, and that when tied up with a battleships on each side of her and all the hatches working she would discharge this immense volume of coal within five hours. The ship is ready for her official trial trip before the naval board, which will be held off the coast of Maine, though it is possible that another brief run will be first made in the bay.

"The Maryland Steel Company was the lowest bidder on two colliers of similar size to the Neptune. Though the official award has not been made, it is thought the reputation of the local concern as builders and designers of government craft will stand it in good stead. There is no other shipyard in the country which has as varied a class of craft still in successful operation in the government service as that at Sparrow's Point, a fact of which the 'boosters' of Baltimore should make capital."

Of course, the bully boosters of Baltimore ought to get busy. A Texas publicity bureau would have every paper in the country carrying a picture of the Neptune when her official trial trip takes place, together with a fine description of the ship, all sent out in advance to be released by wire. Suppose that ship had been built in Houston or San Antonio, we never would have heard the last of it! It would be the "stuff" that the papers would want and be glad to take, because the Neptune is something different, the first and greatest of her kind, a real epochal subject for publicity that would even catch the eye of Europe. Even Old Neptune will be apt to swell up over the idea that the collier Neptune is something entirely different, the only one of the kind in all the waters of the world. The boisterous boosters of Baltimore might present the ship with a statue of Neptune with his trident, and if Wilmington had the chance there would be some kind of "unveiling" or a "coronation" event of huge proportions.

We don't blow enough about the South! We let George do it. We achieve great things, but we let the world find it out the best way it can. While Baltimore was building the Neptnune Wilmington was increasing her year's exports 35 per cent., and her imports 37 per cent., scoring an increase of imports amounting to 279 per cent. in five years, while increasing her exports 55 per cent. at the same time. The value of Wilmington's exports and imports in 1911 over those of 1910 show the tremendous increase of $8,732,541. While Baltimore was building the Neptune, Wilmington kept right on being the world's fourth greatest cotton port, the second of the great peanut producing centres, and the chief trucking and small fruit distributing point in the Nation's Garden Spot.

THE FRANK OF A LAME DUCK.

Washington is stirred up over the fact that, though Senator Aldrich is no longer a United States Senator, "press agent matter" for the Monetary Commission is being sent through the mails under the mailing frank of the former Rhode Island Senator. Mr. Aldrich is no longer a Senator, but a Washington dispatch states that "he clings to the chairmanship of the Monetary Commission."

Some newspaper man made the discovery that somebody in Washington is persistently using the defunct but still powerful Aldrich frank to fire out printed stuff to bolster up the work of the Monetary Commission and create sentiment in favor of the Aldrich currency refrom scheme. Just how it is that letters and press matter, bearing a frank that should have been cancelled as soon as Senator Aldrich was out of commission, may be sent free through the mails, is not known, but it is said the discovery has aroused interest in Congress and there may be another investigation.

Of course, it is not hard to get something to investigate these days in Washington, so we may hear that some of the sleuths of Congress may get busy trying to find out a whole lot of things that are dark and tricks that are vain. The discovery made is as to certain printed matter that was sent through the mails addressed to various newspaper correspondents to be released for publication, July 17th. It was sent out in the same kind of government envelope used by Mr. Aldrich when he was chairman of the Senate Finance Committee. The postmark shows that the matter passed through the Washington postoffice last Saturday, and that it was not questioned by the Washington postoffice authorities is shown by the fact that the letters were delivered all over the city.

An investigation might show that Mr. Aldrich may not be a Senator, but that he still retains a certain amount of jurisdiction that he didn't care to give up, or that somebody else just took it on themselves to ride a free horse in Mr. Aldrich's name. Under the lax moral ideas prevailing in political Washington during a more or less hysterical reign of 50 years it may be so that some class of individuals there do not see any harm in making Uncle Sam bear the burden if they can "get off at it." The fact is the franking business has grown into a perfect scandal, on account of its personal and political use. Even the Congressional Record is loaded up with campaign documents and fired out by the ton free of postage while Congress is not even in session.

During the last campaign The Star's mail almost daily contained campaign matter under the frank of Congress, and the custom was so common among the Republicans that some of our Democratic friends forgot to put a stamp on some of their campaign matter.

This shows how easy it is to drift into a pernicious practice and finally to consider it hardly worth noticing. However, we are getting some National consciousness and civic righteousness and things heretofore tolerable are now beginning to look scandalous. A few more investigations, though they may not amount to great exposures, no doubt will call a halt to some of the improprieties practiced by politicians on their jobs in Washington.

We fear the franking discovery will stir up more prejudice for the Aldrich currency scheme, even though it really may not be his, but that of the Monetary Commission. Already some of the Wall Street financiers are suggesting that some other name be given the proposed currency legislation since it is carrying a great load with the Aldrich tag fastened to it.

STILL SPREADING WILD RUMORS.

Notwithstanding the fact that the Board of Health has published a candid statement showing the actual and reassuring health conditions in Wilmington, several papers in this and adjoining States continue to publish unauthenticated and exaggerated reports concerning the outbreak of typhoid fever in this city. Here is a specimen from the esteemed Fayetteville Observer, of Monday:

"We regret exceedingly to hear of the epidemic of typhoid fever in our sister city of Wilmington. A gentleman who has just visited that place tells us that the conditions there are very distressing and that the fever is much more widespread than is generally supposed. It is said that the city water is the cause of the dread disease."

As a matter of fact, the Board of Health, after investigation of a thorough nature, has found that there is no typhoid fever epidemic in Wilmington. In fact, in a city of about 26,000 inhabitants there are fewer cases in proportion per thousand people than there are in most small towns and large cities in this country. We have typhoid fever, it is true, but it is pronounced by physicians to be of mild type, while out of about five cases per thousand inhabitants the death rate has been only 2 per cent. compared with the customary rate of 8 per cent. throughout eastern North Carolina and 14 per cent. throughout the United States as a whole.

The comparatively small percentage of cases in a city the size of Wilmington shows that fever is not epidemic, and it also should be noted that the rapid improvement in the situation should be proof enough that the health authorities have given out the truth about the matter.

Unauthoritative statements hurt, and while a number of our contemporaries have no intention of misrepresenting what in any sense is an undesirable condition, yet it shows how easily the average newspaper is imposed upon and indirectly does great harm to the city or community in question.

"This is a day of curious things," says a modern philosopher. That's no joke. One of those curious things is to see a hard drinker hanging out at a soft drink establishment.

In the swamp area of the South the drainage question has come to stay. Through the influence of Congressman Ellerbe, of South Carolina, a party of government experts is now surveying a tract of 40,000 acres of swamp and savannah lands in Williamsburg county, and also a large tract in Georgetown county. In a few years we are satisfied there will be many great drainage projects in the Carolinas, with the two-fold result that it will improve the healthfulness of the swamp regions and also add to the farming area millions of acres of the richest land in America.

CURRENT COMMENT.

A statistician of the New York Times asserts that in the four days of the severe heat wave this week more people were killed by the temperatur in four cities than are killed in the whole country by the cold in a year. Is there any way by which the killing heat of Northern Summers can be conquered?—Savannah News

All other fruit and berry crops being almost a complete failure this season, the blackberry is at last coming into its own, and the crop is simply enormous in this part of the State. A Salisbury man tells us he has picked, canned and preserved three bushels of this delicious berry up to the present time and says this is only a beginning. On account of the great scarcity of fruit the blackberry is being more appreciated this season and more of the crop saved for Winter use than ever before.—Salisbury Post.

The Delaware and Hudson is the latest railroad company to engage in the business of reforesting the lands traversed by its lines. The main end in view is to provide itself material for cross-ties, and incidentally make additional business by enlisting the farmers in the reforestation scheme, because in the course of a few years it will receive revenue from the transportation of lumber. Some idea is conveyed of the extensive scale on which the Delaware and Hudson Railroad is going into the forestry business by the announcement that a million pine and spruce trees are to be set out in the Adirondacks and 250,000 red oak trees in the coal regions. This is the planting planned for the first year and the railroad intends to duplicate it annually. As all the railroads in the country are large users of lumber they have reached the conclusion that they can raise it cheaper than they can buy it, and with what the Delaware and Hudson is doing is also being done by other big roads. It appears that along the railway lines in Ohio hundreds of acres of catalpa have been set out, and this work on the part of the roads will not only have a tendency to increase and cheapen their own supply of lumber but will encourage others to engage in reforestation. The railroads are doing a great deal now for the cause of reforestation by inducing farmers to plant trees on waste lands. The Delaware and Hudson is offering seedlings at cost and furnishing free instructions about the art of tree planting and the care of forest growths.—New Orleans States.

"There is now nothing new under the sun," wrote the weary King Ecclesiast Solomon the Wise, who had the reputation in antiquity of being the greatest of the sages. We think our literature is new, but Shaw in his plays does not mock any more sharply than did Moliere, and is quite less savage in his prefaces than was Juvenal in his satires. "Jean-Christophe," that tremendously long novel of Romain Rolland, which has made such an impression on both sides of the Atlantic, as to both length and encyclopedic discussion of art, philosophy and life, had a predecessor in Goethe's "Wilhelm Meister." The socialists of our day had their forerunners in the "philosophes" of the prerevolutionary period of eighteenth century France. "The scurvy politician" was denounced by William Shakespeare. Ferrero, the Italian historian, has discove ed that there was a woman's rights movement in ancient Rome. There are sects in Mohammedanism. Neither religious bigotry nor religious tolerance is a new thing. A recent writer discovered many parallelisms between the thought of Nietzsche, the latest fashion in philosophy, and Emerson, who has grown somewhat out of date. Everybody knows that the fashions return. The style of the French directeire period goes and comes again. Women wore crinoline and then tight-fitting dresses, small and large sleeves, toques and picture hats. And the men's coats are made long and short, with high and low lapels, tight and loose, with tight trousers, loose trousers and the peg-top effect of the early nineteenth century, which comes back again in the twentieta.

Our ideas, too, are subject to a flux and reflux. Anon we are materialists with Herbert Spencer, pragmatists with William James, spiritualists with the Psychical Research Society, and some of us go in for "New Thought," which wearied the soul of Aristotle.—Houston Chronicle.

RETURN FLAG TO SOUTH.

Battle-Scarred Embled of Virginia Regiment Brought Back.

Albany, N. Y., July 11.—Col. A. J. Smoot and Major Edgar Warfield, commander and adjutant, respectively, of the R. E. Lee Confederate Veterans' Association of Alexandria, Va., came to Albany today and were given custody of the battle rag of the 17th Virginia Regiment, which has been in the possession of this State since the Civil war. The colors will be presented to the surviving members of the regiment at a reunion to be held on the battlefield of Manassas, on July 17. The flag was captured by the 22nd New York Volunteers at Antietam, in 1862.

The return of the flag was authorized in a bill recently signed by Governor Dix.

BIG PYTHIAN EVENT TONIGHT

Col. Walker Taylor Will be Installed as Grand Vice Chancellor—Supreme and Grand Lodge Officers Here.

What promises to be the biggest event in this city in some years is the joint meeting tonight in Castle Hall of the local lodges, at which Col. Walker Taylor, will be formally installed as Grand Vice Chancellor. Taking part in the installation ceremonies will be Supreme and Grand Lodge officers, and there will be present delegates from practically every lodge in the district. Following installation there will be anumber of short talks by Supreme and Grand Lodge officers.

The Supreme Lodge officers are members of the Supreme Lodge Finance Committee and are here to inspect the books of Supreme Master of Exchequer, Capt. Thos. D. Meares, of this city, and the local committee in arranging for the event took care to select a date upon which the distinguished visitors from other States would be in Wilmington, so their presence could be had at the meeting. The following Grand Lodge Officers arrived yesterday morning: Hon. E. Wheaton, Supreme Keeper of Records and Seal, Minneapolis, Minn.; Supreme Representative Geo. P. Tawney, Winona, Tenn., and R. S. Witte, Milwaukee, Wis. Others who are to be here are Hon. E. C. Reynolds, chairman finance committee, Portland, Maine; Supreme Representatives Brig. S. Young, Ada, Ohio; W. G. Edens, Chicago. Those who arrived yesterday morning went through to Wrightsville Beach.

Grand Chancellor C. C. McLean, of Greensboro, will be here for the installation and in addition the following: Grand Keeper of Records and Seal, Mr. W. T. Hollowell; Committee of Notification, Supreme Representative Alfred S. Barnard, Asheville; Past Grand Chancellor, Col. W. F. Robertson, of Charlotte; trustee of Pythian Home, Mr. G. Herbert Smith, of Cronly; installing officers Capt. Thos. D. Meares, of this city, Supreme Master of Exchequer, and Past Grand Chancellor, Mr. John Haar, of this city; Supreme Representatives J. L. Stein, Jr., of Graham, and Thos. H. Webb, of Duke; Past Grand Chancellors A. E. McCausland, of Charlotte; Geo. L. Hackney, of Lexington; Jos. D. Pridgen, trustee, Durham; Maj. J. G. Baird, of Charlotte, editor of the Carolina Pythian; District Deputy Irving B. Tucker, of Whiteville, and State Deputy Grand Chancellor J. D. Nutt, and others.

Yesterday the following circular letter was mailed to members of the Wilmington and Delgado lodges:

"Dear Sir and Brother:—Your are aware of the fact that Brother Walker Taylor, of Clarendon Lodge, No. 2, this city, was elected Grand Vice Chancellor at the recent convention of the Grand Lodge, under circumstances which reflected honor on him and also indicated the strong hold he has on the love and confidence of the membership in this domain. As he was not present, it was impossible then to install him, and this ceremony has been set for the 12th of the present month ,and will take place at 8:30 o'clock P. M., in Castle Hall, corner Front and Chesnut streets.

"We expect to make this an occasion of more than usual interest to the Pythians of Wilmington and vicinity, and knowing the high esteem in which Brother Taylor is held by the people of Wilmington in general, as he is by all Fythians, we feel sure that you will desire to be present, and wish him God speed in the duties he is about to assume.

"Representatives A. S. Bernard, of Asheville; J. L. Scott, of Graham, and Thos. H. Webb, of Duke; P. C., J. G. Baird, editor of the Carilina Pythian; also Past Grand Chancellors Geo. L. Hackney, W. F. Robertson, and Grand Keeper of Records and Seal W. T. Hollowell. The District Deputy, Bro. Tucker, of Whiteville, has issued a request to all the lodges in the district to send representatives, which will add dignity to the occasion. We will be fortunate in having present with us the Supreme Keeper of Records and Seal, Fred E. Wheaton, of Minneapolis, and the five members of the Supreme Lodge Finance Committee, who will be in Wilmington on official business.

"Probably never in the history of the order were there ever as many Supreme Lodge members present on any occasion in North Carolina.

"There will be the three Supreme Representatives from this Domain together with the Supreme Keeper of Records and Seal, the five members of the Finance Committee, and our Bro. Thos. D. Meares, Supreme Master of Exchequer, of our city, ten members in all, besides the distinguished visitors from this domain.

"Be sure to come, and bring a friend, if you wish. The ceremonies will be public.

"Fraternally yours,
"W. C. GALLOWAY,
"Chairman Joint Committee.
"JOS. W. LITTLE,
"Secretary."

"JAPANESE NIGHT."

Delightful Affair Planned for Lumina Friday Night.

On Friday night of this week the Japanese dance will be given at Lumina. Japanese night at Lumina has always been famous for the beauty of its decorations and has always attracted a large crowd of spectators. There is no doubt that the attendance Friday night will be as great, if not greater than on former occasions. The management intends to make this affair superior in the beauty and attractiveness of the decorations to any of the former Japanese dances given at Lumina. Exceedingly attractive souvenirs suitable for the occasion have been selected for this dance. It is expected that visitors from out of town will be very largely in evidence on this occasion for the beach season is at its height and all the hotels and cottages are well filled.

UNDER ABSOLUTE CONTROL

Dr. W. S. Rankin and Dr. Nesbitt Issue Joint Statement as to the Fever Situation Here—Disease on the Wane.

Dr. W. S. Rankin, secretary of the State Board of Health, and Dr. Chas. T. Nesbitt, city superintendent of health, yesterday issued the gratifying statement that fever in Wilmington is not only under absolute control, but that the disease is now on the wane and has been since the middle of June, nearly a month ago.

Mention has already been made in The Star of the false reports circulated throughout the South which magnified many times the real situation in Wilmington and in some places it was even reported that there is fever at Wrightsville Beach, which was never known to have a case of fever of any kind, according to the county superintendent of health.

The statement of the two physicians as made yesterday was as follows:

"To the Public:—From the charts and maps prepared in the office of the city superintendent of health, at the suggestion of the North Carolina State Board of Health, relative to cases of fever in Wilmington, and from a study of the conditions, it may now be stated with authority that the frequency of attacks which occurred between June 3rd and 27th, is now abated. The figures show that the condition practically reached its end July 2nd. The situation is now under absolute control, if not having already been terminated. The appended table as to the daily reports of cases from the beginning of May, to date, represents the rise and fall of the number of cases, and speaks for itself in showing that the end of the fever has been reached.

(Signed) "W. S. RANKIN,
"Secretary of the North Carolina State Board of Health.
"CHAS. T. NESBITT,
"City Superintendent of Health."

The following is the table showing the dates and reports of various cases, and the steady decrease after the middle of June:

Date.	Number Cases.
May 3rd	1
" 4th	1
" 6th	1
" 7th	1
" 12th	1
" 15th	2
" 20th	2
" 21st	1

" 26th	3
" 27th	5
" 28th	5
" 29th	2
July 1st	2
" 2nd	2
" 7th	1

The cause of the disease in Wilmington has not yet been definitely determined, but it is understood that announcement will be made as to this within a few days. It is thought that there will not be a great many more cases of fever to develop in Wilmington during the Summer. The chart shows that the attacks of fever occurred with greatest frequency from May 26th to June 1st. The maximum was reached on June 13th and there has been a steady decrease since the 15th of June. Quite a number of the cases reported since June 1st have been cured and it is said that there are only a few serious cases in the city now.

JULY TERM SUPERIOR COURT.

Judge E. B. Cline Named to Preside in Place of Judge Ward.

Notice has been received by officials at the Court House of the appointment by Governor W. W. Kitchin of Judge E. B. Cline to preside over the two weeks' term of July Superior Court in this county, convening July 24th, in place of Judge Ward, who has been ill for some weeks and is not yet able to be up. There are several cases of importance to be tried at this term. A white man by the name of Sandlin and a negro are to be tried on the charge of murder, being charged with killing their wives a short time ago. Both men shot themselves but did not inflict serious wounds. The case against J. C. Holly, ex-preacher and former proprietor of the old Rock Springs Hotel, will probably come up for its second trial. He is charged with the murder by poisoning of Edward Cromwell, who lost his life in the fire which gutted the Rock Springs Hotel some months age, it being alleged that the motion was to secure payment of a life insurance policy on Cromwell's life for $2,500. He was convicted of the charge some months ago and sentenced to be electrocuted, but the Supreme Court granted him a new trial. He is also charged with setting fire to the building after administering the poison to Cromwell but has not been tried on this charge. Two or three murder cases on the docket were removed by Judge Peebles to Pender county for trial.

A Peek Into His Pocket
would show the box of Bucklen's Arnica Salve that E. S. Loper, a carpenter, of Marilla, N. Y., always carries." I have never had a cut, wound, bruise or sore it would not soon heal," he writes. AFTER THE "BLIND TIGERS"

City Council Adopts Ordinance to Aid Police in the Enforcement of the Law—Certain Places to Be Searched.

Designed to aid materially the police department in the enforcement of the State prohibition law, the City Council in regular weekly session yesterday afternoon adopted an ordinance making it unlawful to keep any intoxicating liquors, etc., for illegal sale, also declaring such places to be a public nuisance and giving to the Chief of Police, or officers of the force designated by him, the right to enter places that have United States liquor or malt licenses and make an inspection. The ordinance is effective from and after July 22nd and was adopted by unanimous vote of the Council.

The measure was drawn by Assistant City Attorney Geo. L. Peschau, who stated that it had the approval of City Attorney McClammy, and he said further that he is satisfied of the legality of the ordinance. When the ordinance was first offered by Councilman B. C. Moore, who is in charge of the Department of Public Safety, Councilmen Tiencken and B. C. Moore stated that they would like to have the ordinance amended so as to give the police the right to inspect any places under suspicion, whether they held United States license or not, but after a statement was made by Mr. Peschau the two Councilmen announced their willingness to vote in the affirmative Mr. Peschau explained that practically all the places thought to be selling whiskey, beer, etc., have a United States license to sell either whiskey or malt and should any such places open without United States license he felt certain the government representatives would see that license was obtained, which would only make more places to come within the meaning of the ordinance. Then again to give the police the right to search any places under suspicion would mean that they could search a man's residence to see if any whiskey was kept there, if they so desired. This, he said, was not the purpose of the ordinance. After his explanation of what is wanted in the Department of Public Safety, the measure was adopted without a dissenting vote.

The police have been hampered every since the State-wide near-beer law went into effect. The officers have had no law whatever giving them the right to search places believed by them to be dispensing whiskey and other intoxicating drinks. It is believed that ample authority has been given in the ordinance, which is as follows:

"Be it ordained by the Council of the City of Wilmington:

"1. That it shall be unlawful for any person, firm or corporation to keep within the limits of the city of Wilmington, or its territorial jurisdiction, any intoxicating liquors, or any near-beer, beerine, or other spirituous, vinous, or malt liquors, or mixtures of any kind, and under whatsoever name called, that shall contain alcohol, cocaine, morphine, or other opium derivative, for the purpose of illegal sale.

"2. That every place, within the limits and territory above described, wherein intoxicating liquors and other spirituous, vinous or malt liquors, or other drinks and mixtures in Section 1 provided for, are kept for the purpose of illegal sale, is declared to be a public nuisance.

"3. That it shall be the duty of the chief of police, or such officers of the police force as he may designate, from time to time, and as frequently as he may deem necessary, to inspect every place within the limits of their jurisdiction, the owner or keeper of which holds a United States retail liquor dealers' license, or a United States malt dealers' license.

"4. This ordinance shall be in force from and after July 22nd, 1911."

POLICE TO CAROLINA BEACH.

Annual Excursion of the City's Finest Will Be Held Today.

Members of the police department, their families and a host of friends will spend today or a portion at least, at Carolina Beach, the occasion being the annual police excursion, which is always looked forward to with the keenest interest and much pleasure, especially so this year since the outing was not given last year. The steamer Wilmington will make three trips to the pier to accommodate the crowds. The boat leaves at 9 A. M., 2:30 and 7:30 P. M., and returning the last boat will arrive in the city late tonight. Already more than 500 tickets have been sold and the indications are that upwards of 1,000 people will enjoy the outing. Sergeant H. W. Howell is chairman of the committee on arrangements and the other members are Patrolmen W. R. Applebury, M. C. Gray, Leon George, Mounted Officers J. S. Lane and T. M. Hall and Sergeant E. J. Grimsley. Officer Lane is secretary of the committee and Sergeant Grimsley and Officer Applebury floor managers. Practically all the officers of the force will visit the beach during the day or evening and they are looking forward to a most enjoyable outing.

River Boat Was Aground.

The river steamer C. W. Lyon, Capt. Core, arrived here late Monday night from Walker's Bluff, where she had been aground since last Friday. The steamer made repeated attempts to get off, but to no avail and was finally pulled off by a passing steamer. The river boats have had much trouble throughout the Summer on account of low water.

REGULAR MEETING OF COUNCIL

Routine Matters Considered at Session Yesterday Afternoon, Also Several Ordinances Were Adopted.

Adopting several ordinances and transacting and discussing quite an amount of other business of more or less importance, the City Council met in regular weekly session yesterday afternoon with all members in attendance. Probably the most important work of the afternoon was the adoption of an ordinance to enforce the prohibition law in the city, mention of which is made in another column.

Several complaints were heard. Dr. Russell Bellamy appeared before the Council and told of an occurrence on one of the blockaded streets on which there was a very severe case of typhoid fever. Dr. Bellamy stated that as he was leaving the house an automobile entered the street at a considerable rate of speed. Dr. Bellamy informed the driver that the street was blockaded because of a severe case of illness and asked that the man drive around the block. Although he repeated his request three times, the doctor stated that the man paid no heed and drove on past the house in which the person was ill. He gave the officials the number of the machine and hoped that some action be taken. It was the opinion of the Council and also Assistant City Attorney Geo. L. Peschau, that there was no ordinance to cover a case of this kind and that nothing could be done in this particular case. However, Attorney Peschau drew up an ordinance to apply to the matter and it was adopted. The ordinance provides that the streets are not to be blockaded except in extreme cases, and then a permit must be obtained from the Mayor. Any driver of any vehicle whatsoever guilty of driving through a blockaded street, will be fined $5 for each offense.

Mr. S. Behrends read to the Council a copy of a letter which he had written the Wilmington Sewerage Company in regard to some changes which the company had made in the sewerage pipes at his home, No. 517 Dock street. He stated that the service was very satisfactory before the changes were made but that the pipes led uphill now and that they were continually getting stoped. He declared that his premises were in a very unsanitary condition because of this and that he could get the company to take no action, although he had threatened to bring suit. Attorney Peschau stated that he thought it was a matter for Mr. Behrends and the sewerage company to settle between themselves, unless it was found that the condition of the premises constituted a nuisance. The Council instructed Dr. Nesbitt, city superintendent of health, to investigate the conditions and report. If this report shows that a public nuisance exists prosecutions will be started against the sewerage company at once by the city.

William J. Bellamy, Esq., appeared before the council to plead the cause of C. T. Smaw, who conducts a junk shop at 109 South Water street. Mr. Smaw has been directed by Dr. Nesbitt to remove his stock of goods outside of the city limits inside of 15 days. This step was taken because the health department considers the junk shop a public nuisance. Mr. Bellamy argued that the place was no more of a nuisance than the city market, which is located nearby, and that there was no disagreeable odor from the junk shop such as is sometimes noted near the market. Dr. Nesbitt stated that its nearness to the market was one reason that went to make the place a nuisance. He declared that negroes gather up rags from all over the city, many of them being discarded from the sick room, and carried them to the junk shop, where they sold them. From here, Dr. Nesbitt argued, it was an easy matter for flies to carry the germs from the rags directly to the market house, contaminating the food on sale there. The Council took no action on the matter and it is likely that the case will have to be settled in the courts.

An ordinance was adopted making it unlawful for all classes of domestic animals to run at large through the streets. The ordinance imposes a penalty of $1 and costs on hogs, pigs, sheep and goats running at large and impounded. On cattle a penalty of $2.50 is imposed and on horses, mules, etc., there is a penalty of $3. It provides in detail for the impounding, advertising and selling of unclaimed animals and it further imposes a fine of $10 upon any person suffering or permitting any of the animals named to run at large on the public streets.

Councilman M. G. Tiencken stated that there were between 75 and 80 business houses in the city conducting their business without a license, many not having renewed at the beginning of the fiscal year, June 1. After a short discussion the following ordinance applying to the matter was adopted:

"Whereas, the tax ordinance of the city of Wilmington requires that every person, firm or corporation doing business in said city should procure from the Mayor a license therefor, under a penalty of $25 for the violation of such law, and

"Whereas, the tax books show the names of a number of persons doing business in the city without having secured such license, thereby violating the law,

"Resolved, by the Council, that the Mayor be requested to proceed against such delinquents as provided by the ordinance, by procuring the issuance of warrants, and additionally by civil process if in his judgment necessary."

In regard to the request of Mr. B. A. Merritt, asking that the Council grant him the privilege of laying a track to his coal and wood yard on Hanover street, near Sixth, which came up from the last meeting, some question still existed as to whether the Council could legally grant the privilege and the matter was carried over to the next meeting.

The question of the giving the street workers a holiday came up and after some discussion was referred to Councilman B. C. Moore with power to act.

Dr. Nesbitt asked the Council to grant him authority to organize his health officers into a corps of sanitary police. The corps will consist of six men and a chief and they will wear uniforms and badges. Dr. Nesbitt stated that people would respect the uniformed officer known as a policeman much quicker than they would the regular health officer with no uniform. The Council gave Dr. Nesbitt full authority to have this done, and also to increase the health corps in time of need.

Dr. Nesbitt gave statistics on the health situation in the city at the present time, showing that conditions are materially improved. Dr. W. S. Rankin, secretary of the State Board of Health, made a short talk, telling the Council that the value of health bookkeepeing had been demonstrated. He also recommended that the city go ahead with all plans mapped out by the city health department, stating that they were on the right track.

Mayor Smith called the attention of the Councilmen to the fact that the police hold their annual excursion at Carolina Beach today, and stated that the officers would appreciate the presence of as many members of the Council as might be able to attend. Several signified their intention of spending at least part of the day at the resort with the officers.

—By deed filed for record yesterday John A. Grissom and wife transfer to J. B. Piner, for $110, a tract of land in Masonboro township on west side of Federal Point road, containing 10 acres.

THE RECORDER'S COURT.

Several Matters of Interest Were Investigated Yesterday.

Several matters of interest were disposed of in the Recorder's court yesterday morning. Irving Burriss, a young white man, who was found lying on the suburban tracks of the Tidewater Power Co., near League Park, Saturday night, was called to answer two charges, one alleging drunkenness upon a public highway in violation of an act passed by the last Legislature for New Hanover county, and the other for attempted suicide, which is a misdemeanor. It was said that Burriss told the officers after he was brought to the city that he lay down upon the track in order that one of the cars might run over and kill him. He was fined $25 and costs for drunkenness, while the other case was dismissed, the Recorder holding that according to the testimony the man was drunk at the time of the statement as to his plan for self-destruction.

The case against Mrs. Lottie Yopp, charged with slander, tried some days ago, was dismissed. Her attorney stated that if the remark she made was construed as reflecting upon the prosecutor that she wished to make a full retraction of the same, after which the case was dismissed.

W. D. Austin, a white man, was sent to the county roads for 30 days for drunkenness. He was also charged with trespass upon the porch of Mr. Chas. N. Evans, but this was dismissed.

POSITION OF LIGHTSHIP.

Masters and Pilots Will Make Protest —Petition Being Prepared.

A petition, prepared by the harbor master, Capt. Edgar D. Williams and signed by pilots and masters of vessels now at the port, protesting against the proposed location of the new lightship, will be presented to the Lighthouse Board at an early date.

In a recent issue of "Notice to Mariners" it was stated that the new lightship, at present in New York, and built for the North Carolina coast, would be placed in the position of the lightship now near Frying Pan shoals, instead of at the knuckle as previously indicated. The petition asks that the gas buoy be placed in the position of the present lightship and that the new light vessel be placed at the knuckle. It further states that in its present location the lightship is of little service to navigation.

SOCIETY

Mrs. W. M. Cohen, of Weldon, is the guest of Mrs. W. J. Jones, on Grace street.

* * *

Mrs. D. C. Allen and children left yesterday morning for Shelby, where they will visit relatives and friends.

* * *

Miss Atha Hicks, who has been visiting Miss Lelia Hicks, at Farmville, Va., for the past month, has returned to the city.

* * *

Mr. and Mrs. Harry L. Stearns, of Atlanta, Ga., are spending several weeks at the Oceanic Hotel, Wrightsville Beach.

* * *

Newberry, S. C., Herald and News: "Major W. Shelly, of Wilmington, N. C., spent the week-end with his parents, Capt. and Mrs. W. H. Shelley."

* * *

Miss Allie Peoples, of Pittsboro, N. C., who has been the guest of Miss Jane Temple, on Wrightsville Beach, for the past ten days, left yesterday.

* * *

Dr. and Mrs. Michael Hoke, of Atlanta, Ga., are among the visitors at Wrightsville Beach, being guests at The Seashore. Dr. Hoke is a nephew of Hon. Hoke Smith, Governor of Georgia.

* * *

Mr. and Mrs. John Seibels and children of Columbia, S. C., who have been guests at the Seashore Hotel for the past few weeks, left yesterday for their home.

* * *

Mrs. C. B. Davis charmingly entertained a few friends last night at her home, No. 518 Castle street, in honor of Miss Maggie Stewart, of Buie's Creek, who is the attractive guest of her sister, Mrs. L. T. Landen, at Carolina Place.

* * *

The many friends of Mr. A. J. Mitchell will regret to know that he has been confined to his home for several days on account of an eye trouble, which has given him much pain and inconvenience, but of which he hopes to be entirely recovered in a short time.

* * *

Mrs. George B. Stewart is the guest for a few days of her sisters, Mesdames W. A. Watson, J. M. Oldham, before leaving for Wilmington to join Mr. Stewart who moved there recently to take a position with Messrs. McNair & Pearsall. Mr. and Mrs. Stewart's many Charlotte friends will regret to give them up.—Charlotte Observer.

* * *

Yesterday's Charlotte Observer: "Misses Leona Littlejohn and Georgia Kelly, who have been the attractive guests of Mr. and Mrs. E. W. Edwards at their cottage at Wrightsville Beach, will return to the city today.——Mrs. W. L. Butt and daughter, Miss Mildred Butt, and Miss Estelle Vernon have returned from Wrightsville Beach, where they spent a week."

* * *

An evening pleasantly spent, and a break in the monotony attending these hot nights in the city, is promised everyone who goes down on the moonlight excursion to be run under the auspices of St. Andrew's Sunday School tomorrow night. The steamer Wilmington leaves her wharf at 8 o'clock sharp and will give about three hours' ride on the Cape Fear, returning about 11 o'clock.

* * *

Yesterday's Atlanta Journal: "Misses Gertrude and Laura Keith Jones, of Selma, Ala., who have been delightfully entertained as the guests of Mr. and Mrs. C. K. Ayer for several weeks, will leave tomorrow for New York, where they will remain until September. Mr. and Mrs. Ayer will leave Thursday for Wrightsville Beach, N. C., where they will spend two weeks. ——Mrs. Thomas Crenshaw is at Wrightsville Beach.——Miss Margaret Stokes is spending ten days at Wrightsville Beach, N. C."

* * *

Dunn, N. C., July 11.—Messrs. McD. Holliday, of the Barnes, Holliday Hardware Co.; E. Lee, of the Lee, Dupree Hardware Co., accompanied by Mrs. E. Lee, left this morning for Asheville to attend the State Hardware Association, which convenes in that city today.——Messrs. R. L. Godwin and J. Lloyd Wade left for Asheville and Hendersonville this morning, where they will spend some time.——Messrs. E. R. Thomas, of Duke; Mr. G. K. Grantham, of Dunn, accompanied by his two daughters, Pearl and Blanche, and Miss Brownie Ezzell, left today to attend the 32nd annual Pharmaceutical Convention, which meets at Morehead this week.

* * *

Atlanta Constitution: "Mrs. Ivey, Miss Eugenia Ivey and Miss Lottie Hancock are at Wrightsville Beach. ——Miss Christine Wall is spending the week at Wrightsville Beach.——Mrs. T. J. Hightower is at the Seashore Hotel, Wrightsville Beach.——Miss Annie Mayson is in Wrightsville. ——Mr. Oliver Johnson, Miss Lula Johnson and Miss Lillian Johnson are spending some time at Wrightsville. ——Dr. J. P. Kennedy and family left Thursday for Wrightsville.——Mr. Robert H. McDougal and Mr. William Wash left Thursday night for Wrightsville Beach, N. C., for a stay of ten days.——Miss Aylette Lapsley is spending a month at Wrightsville Beach."

* * *

AUGUSTANS HAVING FINE TIME AT WRIGHTSVILLE.

There are at Wrightsville Beach many visitors from Augusta as well as Atlanta and other points in Georgia and other States. Last week a large party arrived from Augusta and the following appeared in Sunday's Augusta Chronicle from one of the party:

"Wrightsville Beach, N. C., July 7.—Our party which left Augusta at 2 o'clock in the afternoon reached Wilmington at 11:50 P. M., found awaiting us a comfortable train of trolley cars to transport us to the Seashore hotel on Wrightsville Beach. On alighting at the entrance of the hotel we were met by our genial host, Capt. Hinton, whose cordial welcome made us feel comfortable and 'at home.' We were at once shown to our delightful cool rooms and were soon wrapped in slumber, lulled by the 'sad sea waves,' and fanned by the delightful cool ocean breezes.

"Our long enforced abstinence from those delicacies of the sea, for which the Seashore hotel is so far famed and so bountenously supplied, has made most keen our enjoyment of the sea viands, prepared under the expert direction of a chef of wide experience in Northern resort hosteiries and served in a manner most appetizing.

"After a dip in the surf, followed by a shower bath, we had a most delightful sail in one of the well known pleasure crafts under the management of Capt. Wells, whose knowledge of the finny tribe is most wonderful.

"We fished—not the way we do 'down home,' but with long lines, and we did not wait, as we have to in Georgia, they just bit at once, and kept on biting. We pulled them in—Spanish mackerel, bluefish, pigfish, sea bass, trout, a shark once in a while, until we had aches in our arms. Then next came delightful return and supper of shrimps, softshell crabs, clam fritters and fish served to meet the requirements of every landlubber.

"A much needed rest on the spacious veranda, in the large comfortable rocking chairs, put us in fine shape for the dance, which is held each evening in that most finished of dance pavilions, Lumina. To the strains of one of the finest orchestras, on a splendid polished floor, we 'tripped the light fantastic' until a late hour.

"There is nothing to mar the perfect rest and content which we enjoy at this most delightful of resorts, except it be so many of our friends are not here to help us enjoy it.

"There is a fleet of motor boats and sailing craft always attendant upon the guests of the hotel, motor boating or fishing trip by notifying the hotel clerk that it is desired. All the attaches of the hotel are exceedingly polite and attentive.

"The drinking water served at the hotel is obtained from an artesian well, 360 feet deep, is regularly analyzed, found to be of absolute purity and is most palatable. Everybody is full of health and good spirits and enjoying to the fullest extent the many pleasures afforded."

PERSONAL PARAGRAPHS.

—Master Henry Hewlett returned yesterday from Newbern, where he visited his sister, Mrs. Harry Cooley.

—Capt. R. P. Paddison, of Point Caswell, spent yesterday in the city on a business trip, returning last evening.

—R. W. Herring, Esq., of Fayetteville, after spending a few days in the city, left Monday for Virginia Beach for a brief sojourn.

—Mr. Wm. Collins, formerly of this city, but now of Charleston, S. C., is spending his vacation here and is being pleasantly greeted by his many friends.

—Among the arrivals at the Orton yesterday were the following: J. H. Mills, Charlotte; R. O. Lindsay, High Point; D. J. Pearson, Rocky Mount; C. R. Jordan, Currie; W. H. Overton, Durham.

—Friends of Capt. J. R. Williams, of the Southern Express Co., will regret to know that he has been quite sick for several days at his rooms at The Orton but hope that he will be out again in a few days.

—Rev. Solomon D. Swaim, formerly of this city, but now of Lexington, N. C., passed through the city yesterday en route to Folkstone, where he will conduct a revival at the Salem Baptist church. Rev. Mr. Swain also expects to conduct a revival at Canetuck Baptist church, in Pender county, beginning the fourth Sunday in this month.

ARRANGING FOR REUNION.

Camp Will be Located at 17th and Princess Streets.

Arrangements for the entertainment of the visiting Confederate veterans who will be in attendance at the annual reunion to be held here the 2nd and 3rd of August, are rapidly going forward and in a short time everything will be ready.

The camp for the reunion will be located at 17th and Princess streets. The State has loaned Cape Fear Camp tents for the occasion. Those veterans who are unable to pay their own expenses while here will be given quarters at the camp. They will be escorted to the camp by committees.

Committees also will be appointed to escort to their boarding houses and hotels those who will pay their own expenses. The local veterans have been busy canvassing the city and a number of desirable places are available at reasonable rates for meals and lodging.

Adjutant L. Leon is receiving numbers of letters from veterans all over the State and he is confident of an unusually large attendance. He states that there will be many more veterans to take advantage of the offer of the local camp to pay their expenses while here than was expected at first, but that arrangements will bet made whereby all who desire free board and lodging will be taken care of.

Early Train From Beach.

The attention of the public is called to an important change in the schedule on the suburban line that goes into effect today. An additional train will be put on to leave the Beach every week day at 6:45 A. M. This additional service is given for the benefit of those wishing to catch the Coast Line train leaving Wilmington at 8 A. M. They will now be able to do so without the inconvenience of leaving the beach on the early 6:05 train. Attention is also called to the fact that on Sundays the leaving time for the first train from the beach will be at 6:45 A. M. instead of 7:15 A. M.

ATWOOD AND HAMILTON.

Will Not Attempt Flight to Washington for Several Days.

Washington, D. C., July 11. — Harry N. Atwood, the aviator, who flew from Baltimore to College Park, Md., this morning, with Charles K. Hamilton, as a passenger, will not attempt to fly into Washington for three or four days. It is said he will await the arrival from Atlantic City of the aeroplane, which was badly damaged there several days ago.

25c yard bordered voiles selling out at 19c. C. H. Fore & Co. **

OFFICERS ARE INSTALLED

Joint Installation Last Night In Odd Fellows' Hall—Mr. R J Jones Installed as the Grand Treasurer.

In the Odd Fellows' Hall, corner of Third and Princess streets, last night Mr. Richard J. Jones was installed as Grand Treasurer of the Grand Lodge, I. O. O. F., for the 57th year that he has held that distinguished office, by Grand Master W. H. Overton, of Durham. The Grand Master also installed the officers of the four local lodges at the meeting last night.

The meeting was a most enjoyable one and the hall was crowded with members of the four local lodges. The Grand Master was introduced by Mr. M. W. Jacobi, one of the leading members of the organization in this city.

On account of illness Mr. Jones was unable to attend the sessions of the Grand Lodge this year and for that reason the installation was held in this city last night. This is the first session of the Grand Lodge that Mr. Jones has missed in 50 years.

It was decided to take advantage of the presence of the Grand Master and have him install the officers of all the local lodges. In this work he was assisted by the following officers: G. M., W. H. Badon; G. W., C. W. Stewart; G. S., E. Y. Davis; G. T., H. C. Hamlin; G. C., L. W. Moore; G. G., D. Rountree; G. H., C. A. Spooner; organist, B. G. Biggs.

The following are the elective officers of the four local lodges who were installed last night:

Cape Fear No. 2.—N. G., Jos. D. Smith; V. G., Jefferson Xanthos; R. S., J. T. Riley; treasurer, L. D Latta.

Orion Lodge No. 67—N. G., G. D. Bradshaw; V. G., W. Tatum; R. S., A. T. Parker; F. S., J. E. Silva; treasurer, H. O. Craig.

Wilmington Lodge No. 139—N. G., C. Y. Devaun; V. G., J. W. Thomas; R. S., W. C. Smith; F. S., J. J. Craig; treasurer, J. T. King.

Hanover Lodge No. 145—N. G., S. A. Matthews; V. G., J. S. Potter; R. S., Jno. E. Wood; F. S., E. S. Hancock; treasurer, A. F. Walton.

In addition to these the appointive officers of each lodge were also installed.

Grand Master Overton arrived in the city yesterday evening and was met at the station by a committee composed of Messrs. M. W. Jacobi, W. L. Smith, W. H. Yopp and Jno. E Wood. These gentlemen escorted him to The Orton, where he is stopping during his stay in Wilmington. This morning at 9 o'clock a committee composed of Messrs. Jno. E. Wood, W. H. Yopp, H. O. Craig and Jno. F. Littleton will accompany the Grand Master on a trip down the Cape Fear. The party will go as far as Southport, returning at 2 o'clock P. M. They will then go to Wrightsville Beach and spend the remainder of the afternoon, returning to the city in time for Grand Master Overton to take the 7 o'clock train for his home in Durham.

Grand Treasurer Jones is probably the oldest Grand Lodge official in the State. He will be 90 years of age the 5th day of next February. The jewel he wears to designate his office is the only Grand Lodge jewel that was saved during the Civil War, all the others having been lost or stolen.

DISASTROUS FOREST FIRES.

Two Villages Practically Wiped Out. Unable to Check Flames.

Detroit, Mich., July 11.—With hardly more than half a dozen houses left standing in the villages of Au Sable and Oscoda, with the city of Alpena fighting a disastrous fire all day and with forest fires raging along the line of the Detroit & Mackinac Railroad from Au Sable to Cheboygan, and at other points in the northern part of the lower peninsula, heavy rain is needed tonight to prevent a possible heavy loss of life. Today's fires at Alpena and Oscoda originated in slab yards that were dry as tinder from the long drought. At Cheboygan, a mountain of sawdust caught fire and the flames threatened to spread through the city.

The smaller towns of Metz, Millersburg and Tower, along the Detroit & Mackinac Railroad were reported to be burning today, and Lewiston, in Montmorency county, and Alger and Turner in Arenac county, were said to be seriously threatened by forest fires.

Wire service from Au Sable north to Cheboygan was interrupted this afternoon, but news of the fires at Alpena, Oscoda and Au Sable was forwarded to the Associated Press by train to East Tawas, where wires were available for transmission to Detroit.

Calytte, manager for the Western Union Telegraph Co., at Alpena, who got out of Alpena on a train at 7 P. M., and arrived at East Tawas late this evening, said:

"Au Sable was a mass of flames. I don't believe there are a half dozen houses left standing. Many refuges were taken from Au Sable on the steamer Kongo, that was in port loading freight. Others flocked to the shore of Lake Huron and were driven into the water by the intense heat. Many found refuge in the fields, along the railroad right of way, standing guard over little piles of personal effects that they were able to snatch from their homes as they fled at the approach of the flames. Women and children were crying from terror and hunger as they viewed the burning village in the distance. A relief train was hurriedly made up to carry the homeless women and children to East Tawas."

There are rumors that some lives were lost in the fire at Oscoda and Au Sable, but it was impossible tonight to obtain any confirmation.

The property loss at Alpena alone was estimated at $400,000.

Joliet, Ill., July 11.—Merritt Griffin, former National champion discus thrower, who took second at the Olympic games in London in 1908, died today of injuries sustained in a runaway two weeks ago. His London record was 132 feet 6 1-2 inches. In the Fall of 1908, while attending the University of Illinois at Champaign, Griffin hurled the discus 155 feet 10 1-2 inches, altough the record was not declared official. Griffin was an evangelist.

HOT-WEATHER DIARRHEA

In the summer people of all ages are very subject to "running of the bowels." Germs get into the food or water, find their way into the intestines and keep irritating them so that there is a constant desire to have movement. It is very weakening, destroys appetite, disturbs sleep and produces an itchy feeling that many suppose to be piles. There are many "quick cures" for this aggravated form of dysentery, but they usually contain a narcotic, and that is dangerous. Others try salts and laxative waters, but they have no permanent effects. It takes a remedy with ingredients such as are combined in Dr. Caldwell's Syrup Pepsin to drive out the trouble-causing germs, to clean out the intestines, to strengthen the stomach and enliven the liver. Ordinary remedies cannot do this, but it is a well known fact that Dr. Caldwell's Syrup Pepsin does do it. Thousands use it every summer for this very purpose. Go to your druggist today and buy a 50 cent or $1.00 bottle and see what it will do for you. It is guaranteed to do what we claim or money refunded. It has enabled thousands of families to cure themselves of simple ailments. If you have never tried it send your address for a FREE SAMPLE BOTTLE to

USE DR. CALDWELL'S SYRUP PEPSIN

DR. W. B. CALDWELL, 400 Caldwell Bldg., Monticello, Ill.

LOCAL DOTS.

—The British steamer Cacique, Captain Dexter, cleared yesterday light for New York to receive cargo for foreign export. The steamer discharged cargo of fertilizer material to the Seaboard here.

—Aaron Clark, an aged negro man, died early yesterday morning. He was a highly respectable negro and had many white friends as well as among his own race. For many years he was employed by the late Mr. John F. Garrell and recently he was employed by the Newbury dairy.

—In giving the names yesterday morning of the speakers at the meeting Sunday afternoon held under the auspices of the Good Roads and Sanitary Association, composed of colored people, the name of Councilman B. C. Moore was unintentionally omitted. He made one of the most interesting speeches of the meeting.

—Councilman B. C. Moore, in charge of the Department of Public Safety, asks that all persons suffering robberies or burglaries please notify the police department as soon as possible after the robbery is discovered. This will lend the officers valuable aid in their efforts to break up the series of robberies that have occurred in the past few weeks.

—While playing in the bowling alley at the Carolina Yacht Club at the beach yesterday afternoon, Master William L. Beery, Jr., the young son of Capt. and Mrs. W. L. Beery, fell and severely injured one of his arms. He was brought to the city immediately and carried to his home at corner of Fourth and Market streets, and was reported as resting as comfortably as possible yesterday afternoon. He was attended by Dr. Pride J. Thomas.

DIRECTORY OF BEACH.

List Prepared Showing Occupants of Cottages at Popular Resort.

The Beach Water Company had prepared a directory of Wrightsville Beach, giving the number and occupant of practically every cottage at the popular resort. Patrons and friends of the company will appreciate this step as heretofore persons visiting the beach have been somewhat puzzled many times as to the exact location of the cottage which they desired to visit. The following is the list:

97, Mrs. Underwood; 98, Oceanic Hotel; 99 Sam Bear estate; 191, Sol Bear estate, Mrs. Crabb's boarding house; 102, Mr. Cuthbert Martin; 103, Shaw boarding house; 104, Mrs. Parsley boarding house annex; 106, H. E. Bonitz; 107, Mrs. W. H. Parsley, boarding house; 108, R. H. Grant; 109, Mrs. Ashe; 110, Mrs. Adams; 111, Allen Taylor; 112, C. N. Evans; 113, Mrs. Gibson, boarding house; 114, J. H. Cowan; 116, Capt. W. Harlow; 119, S. & B. Solomon; 120, Jos. H. Hinton; 121, Mr. Geo. Cotchett; 122, Mrs. Quince; 123, Henry Bear; 124, J. Q. Meyers; 126, Wright's Agency; 127, Ben Goodman; 128, B. O. Stone; 130, Thos. H. Wright; 131, M. Roseman; 132, Thomas Davis; 200, Jas. M. Stevenson; 201, A. David; 202, A. B. Skelding; 203, I. Shrier; 207, Father Dennen; 211, T. Donlan; 215, H. C C & O EXCURSION.

Small Crowd from Wilmington but Many from Up Carolina Central.

The excursion to Johnston City, Tenn., over the Seaboard Air Line and C. C. & O., railroads, left yesterday morning at 7 o'clock in charge of Capt. J. Cullen Jones, the manager. Only 50 or 60 passengers took advantage of the trip from Wilmington, but after the train left Lumberton there were some 300 in the party with the likelihood of increasing that number to 500 upon reaching Hamlet, the excursion being under the auspices of the Order of Railway Conductors at that point. The refreshment car was personally in charge of Mr. E. A. Herbst, of the Junction Cafe, of this city.

Escaped With His Life.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough. I had looked like it, usre enough. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positvely guaranteed for coughs, colds and all bronichal affections. 50c. and $1.00. Trial bottle free at R. R. Bellamy.

..Theatrical..

The Bijou had a delightfully cool place and a refreshing bill yesterday, and also large audiences, afternoon and night, to enjoy both. Yesterday the Bijou opened up its promised moving picture surprises, presenting as its first feature the greatest war film in years, "To the Aid of Stonewall Jackson." It was a stirring moving picture and appealed with special force to all Southerners, though there was nothing to offend anyone. The fun pictures were also big hits and caused plenty of laughter. Of course, all the musical numbers were charming, as usual. Today the Bijou will continue its good work by presenting more moving picture surprises, together with one of the most attractive and merriest musical programmes ever offered in Wilmington and in which Mr. Frank Banks will star with a jolly Broadway success. The moving pictures for today represent only the very latest creations. In fact, all pictures contracted for for this week were either placed on the market for the first time the latter part of last week or the first part of the present week. Comedy will play a huge part in today's big and swell bill.

GIRL HELD UP OHIO BANK.

Covered Cashier With Pistol and Demanded Money.

Akron, Ohio, July 11.—Edna Doble, a 13-year-old Akron girl, is under arrest charged with attempting to hold up the Cuyahoga Falls, Ohio, Bank, in the Western style, late today. She walked into the bank and asked for the cashier, J. W. Wolfinger. He happened to be out, and D. B. Gensemer, a book-keeper, was in charge.

The girl sat in the outer office a few minutes, then arose and going to Gensemer, pointed a gun in his face and demanded that he give her "all the money that was in the vaults." The man argued that the safes were locked and that he had no keys to them.

"Then give me all the money you have in your pockets," she said.

"Sorry, but I haven't any with me," answered the book-keeper.

The girl then backed to the door, still covering Gensemer. He called to the town marshal, who was in the street near the bank, and the girl was arrested.

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

COTTON RECOVERS BIG LOSS

Result of Covering and Trading With Prices Closing Steady at Net Advance—Active New Crop Positions.

New York, July 11.—A large part of yesterday's sensational loss was recovered in the cotton market today as a result of covering and trading with prices closing steady at a net advance of 13@37 points, old crop months being 34 to 37 points net higher, while active new crop positions showed advances of about 18 points for the day. The market opened firm at a decline of 4 points on July but from 9 to 17 points higher on other positions, owing to better Liverpool cables than expected, covering and buying by spot houses.

Yesterday's sensational break in the old crop months had evidently carried prices far below a parity with old markets, and immediately following the initial break in July both that position and August turned much firmer on buying by leading trade interests, houses with Liverpool and continental connections and support from leading bull brokers. Fluctuations in the later deliveries were somewhat irregular early, but the strength of the old crop was a sustaining factor and trade buying of October and December led to a good deal of covering by recent sellers who probably felt that considerable progress had been made in discounting crop improvement, in view of the fact that the yield is not yet assured. Private reports from the southwest again affirm that the Texas drought had been sufficiently broken for some time to come, but the western belt forecast was for fair weather in that State, the weekly report of the Weather Bureau read no more favorably than had been anticipated and the highest prices of the day were reached by both old and new crop months in the late trading. Offerings of new crop positions became a little heavier, just under the 13-cent level, and closing prices were a shade off from the top on all months except July, which closed at 1,404, comparing with 1,364, the low point of the morning. October sold 1,209 in the late trading, or 21 points net higher, and 24 points above the low level of yesterday. Liverpool cables reported a better demand for spinners and the English spot sales were much larger on the decline.

Receipts today, 983 bales, against 957 last week and 3,232 last year. Today's receipts at New Orleans, 490 bales, against 272 last year, and at Houston 43 bales, against 269 last year.

Spot closed quiet, fifteen points higher; middling uplands, 1,425; do. gulf, 14.50; sales, none. Cotton futures opened firm and closed steady.

Louisville—Firm, 14⅝.

Total today—Net receipts, 13; gross receipts, 576; shipments, 1,552; sales, 55; stock, 79,712.

THE GRAIN MARKET.

Chicago, July 11.—Although the government crop report received a bullish construction here, most traders took the view today that the effect had been fairly well discounted beforehand. Largely as a result, the close was radically different from last night, ⅝ lower to ⅞ up. Corn finished at an advance of 1 to 1¼@1⅜; oats with a gain of ¼@⅝ to ½, and provisions practically the same as last night.

Wheat—No. 2, red, 87⅞@88⅛; No. 3, red, 86@87½; No. 2, hard, 88@90; No. 3, hard, 87@88½; No. 1, northern, 1.00@1.02; No. 2, northern, 95@98; No. 3, northern, 89@96; No. 2, spring, 90@97; No. 3, spring, 89@96; velvet chaff, 88@89; durum, 82@92.

Corn—No. 2, 64¼; No. 2, white, 64@65; No. 2, yellow, 64@64¾; No. 3, 63¼@63⅝; No. 3, white, 63¾@63½; No. 3, yellow, 63¾@64¼; No. 4, 62½@63; No. 4, white, 62½@63½; No. 4, yellow, 62½@63¼.

Oats—No. 2, 45½; No. 2, white, 47½@48¼; No. 3, white, 46¼@47¼; No. 4, white, 46@46½; standard, 47@48.

Parson's Poem A Gem.

From Rev. H. Stubenvoll, Allison, Ia., in praise of Dr. King's New Life Pills.

"They're such a health necessity,
In every home these pills should be.
If other kinds you've tried in vain,
USE DR. KING'S
And be well again." Only 25c. at R. R. Belamy's.

BY RIVER AND RAIL.

Receipts of Cotton and Naval Stores at Port of Wilmington Yesterday.

Wilmington, N. C., July 11.

Atlntic Coast Line—18 casks spirits turpentine; 184 barrels rosin; 1 barrel tar; 21 barrels crude turpentine.

Str. Alice—4 casks spirits turpentine.

Sharpie Addie May—19 casks spirits turpentine; 94 barrels rosin.

Schr. C. T. Herman—17 casks spirits turpentine; 113 barrels rosin.

Schr. C. D. Mafflt—2 casks spirits turpentine; 22 barrels rosin.

Schr. Geneva Moore—3 casks spirits turpentine; 3 barrels rosin.

Total — 63 casks spirits turpentine; 416 barrels rosin; 1 barrel tar; 21 barrels crude turpentine.

THE PRODUCE MARKET.

New York, July 11.—Flour was steady, with a fair local trade.

Rye Flour—Easy.

Corn Meal—Firm.

Rye—Steady.

Barley—Nominal.

Wheat—Firm. No. 2, red, 94, elevator, and 95½ f.o.b. afloat. Futures closed partly ½c. net higher. July, 94⅛; September, 95⅝; December, 98.

Corn—Firm. Export, No. 2, 69c. f.o.b. afloat. Futures closed 1 to 1⅛c. net higher; September, 71; December, 70½.

Oats—Steady. Futures closed nominal.

Lard—Firm.

Tallow—Steady.

Petroleum—Steady.

Wool—Quiet.

Rosin—Quiet.

Turpentine—Steady.

Molasses—Steady.

Rice—Steady.

Raw Sugar—Firm.

Coffee—Futures closed steady, net four points higher to five points lower. Spot, steady; Rio, No. 7, 13 5-16 to 13⅜; Santos, No. 4, 13¾; mild, quiet; Cordova, 14@16, nominal.

Butter—Unsettled. Creamery specials, 25½; do. extras, 24½.

Cheese—Steady; prices, unchanged.

Eggs—Weak.

Potatoes—Steady; new white, No. 2, 1.75@2.25; culls, 1.00@1.25.

Cabbage—Steady and unchanged.

Freights—Unchanged.

Peanuts—Unchanged.

Cotton Seed Oil—Decidedly more active today, early prices being considerably lower under free liquidation, occasioned by more favorable crop accounts and poor demand from consumers. Later there was a moderate rally on room covering. Futures closed 2 to 7 points net lower. July, 6.15@6.20; August, 6.17@6.18; September, 6.19@6.20; October, 6.03@6.05; November, 5.62@5.71. Prime crude, nominal. Prime summer yellow, 6.15@6.25; do. winter yellow, 6.75@6.85; do. summer white, 6.25@6.50.

WILMINGTON MARKETS.

STAR OFFICE, July 11.

SPIRITS TURPENTINE—Market, steady, 49⅝ cents.

ROSIN—Steady, $5.15 per barrel.

TAR—Firm, at $2.20 per barrel.

CRUDE TURPENTINE — $3.25 per barrel for hard; $4.75 for dip and $5.00 for virgin.

Quotations same day last year—Spirits turpentine, firm, 55; rosin, firm, $3.90; tar, $2.25; crude turpentine, firm, at $3.00, $4.25 and $5.25.

Receipts.

Spirits Turpentine	63
Rosin	416
Tar	1
Crude Turpentine	21

Receipts same day last year, 91 casks turpentine; 439 barrels rosin; 2 barrels tar; 30 barrels crude turpentine.

COTTON MARKET.

Market—Nominal.

Same day last year, nominal.

Receipts—(—) bales; same day last year, (—) bales.

PRODUCE MARKETS.

(Quoted by W. J. Meredith, July 8th.)

PEANUTS—Virginias, .90 to $1.00 per bu.; North Carolinas, $1.50@$1.60; Spanish, $1.15@$1.25.

CORN—Firm; .68 to .70 per bu.

PEAS—White black-eye, $2.50; white lady finger, $2.75; clay peas, $1.75 per bushel, dull.

POTATOES—Irish potatoes, new crop, $1.00 per bu.

BEEF—On foot, .03@.04 per lb.

PORK—Out of season.

WOOL—Burry, .12@.15 per lb.; free of burr, .18@.20 per lb.

HIDES—Green, .08 per lb.; dry, .12 per lb.

NORTH CAROLINA BACON—Hams, old, 17c. per lb.; sides and shoulders, 12 to 13½ per lb.

BEESWAX—Firm; .27 per lb.

TALLOW—Firm; .04½@.05 per lb.

POULTRY—Turkeys, out of season. Chickens, grown, .40@.50 per head; chickens, spring, .20@.35 per head; Geese, .50 per head.

EGGS—Good demand, 18 to 19 per doz.

SHEEP—Lambs, $2.50 to $3.00 per head; grown sheep, .90 to $2.25.

Petersburg Peanut Market.

(Furnished by Rogers, McCabe & Co.)

Spanish—Farmer stock, firm, $1.27½ bid; $1.30 asked; holdings, small; No. 1, Spanish shelled, 7¼c.; No. 2, Spanish shelled, 5½ to 5¾c.

Virginians—Bunch, 4¼ to 4½c.; Fancy Hand Picked, 3¾ to 4c.; Extra Prime, 3½ to 3¾c.; Prime, 3¼ to 3½c.; Machine Picked, 3¼ to 3¾c.; market, firm.

NAVAL STORES.

New York, July 11.—Rosin, quiet. Turpentine, steady.

Savannah, Ga., July 11.—Turpentine, firm, at 50¼@50¾; sales, 781; receipts, 895; shipments, 295; stocks, 23,653.

Rosin—Firm. Sales, 3,433; receipts, 2,832; shipments, 368; stocks, 94,862. Quote: B, 5.45; D, 6.10; E, 6.30; F, 6.45; G, 6.47½; H, 6.50; I, 6.52½; K, 6.55; M, 6.60; N, 7.05; W G, 7.25; W W, 7.37½.

Charleston, S. C., July 11.—Turpentine, firm, at 51¼@51½.

Rosin—Firm. Quote: B, 5.45@5.50; D, 6.10@6.12½; E, 6.30@6.32½; F, 6.42½; G, 6.45; H, 6.47½; I, 6.50; K, 6.52½; M, 6.52½; N, 7.05@7.10; W G, 7.30; W W, 7.37½@7.40.

DRY GOODS MARKET.

New York, July 11.—The primary cotton goods market was quiet and steady throughout the day. New linens of corded woolen suitings for men's wear were opened for the spring, 1912, season, and the prices named in some of these goods showed reduction of from 5 to 10 per cent. compared with last year. There was not much of a call for silk piece goods and ribbons were dull.

FURTHER DECLINE IN STOCKS

Caused by Announcement of Government Crop Figures Near Close. Grain Carrying Roads Strongest of the List.

New York, July 11.—The sharp decline in stocks which resulted from announcement of the government crop figures shortly before the close of the market yesterday was followed today by a recovery. Gains of a point or more were made by many of the prominent issues. The significant feature of the movement was that the grain-carrying roads, as a group, were the strongest of the list. The change was a direct reflection of the more cheerful view which was taken in regard to crop prospects.

Mature consideration of the government report, in conjunction with the known improvement in conditions since July 1, modified the feeling of disappointment which was the first impression. It was recognized that, despite the damage inflicted by the drought the outlook still favored large crops. The continued good outlook for cotton gave strength to Southern Railway shares.

London took the initiative in this market, its prices for American stock in numerous instances showing substantial gains over yesterday's close, despite the uncertainty elsewhere in the London markets.

The strength of Americans in the British market gave a firm tone to the opening here, and prices advanced easily at the outset.

Trading became unusually dull after the opening and only 20,000 shares changed hands in the second hour. Further advances were made, however, and the list remained firm at the higher level to the close.

Virginia-Carolina Chemical, which has been weak for some time in anticipation of a reduction of the division rate, rose nearly a point, while the directors were in session today, the protracted meeting giving rise to the report that the plan to reduce the rate was meeting with opposition when it was announced that the rate had been cut to 3 per cent, the stock lost its rise, closing with only a fractional loss.

The bond market was firm. American Tobacco 6s were weak and the sixes were strong. Total sales, par value, were $2,355,000.

U. S. Bonds were unchanged on call.

Total sales for the day, 230,500 shares, including Tobacco, 4,100; Chesapeake and Ohio, 200; Louisville and Nashville, 3,300; Norfolk and Western, 100; Reading, 21,800; Southern Railway, 12,400; Southern Railway, pfd., 1,500; Union Pacific, 19,500; United States Steel, 42,900; Virginia-Carolina Chemical, 10,200.

NORTH CAROLINA, NEW HANOVER COUNTY—In the Superior Court, before the Clerk:

Edward D. Williston, F. D. Williston, and others ..... Plaintiffs,

vs.

William J. Perry, Hattie Perry and Joseph H. Perry ..... Defendants

Service by Publication.

The defendants—William J. Perry, Hattie Perry and Joseph H. Perry—you and each of you will take notice:

That an action entitled as above has been commenced in the Superior Court of New Hanover County, N. C., and the purpose of the same is to obtain a decree for the sale of certain lands, particularly described in the complaint, which is now on file in the office of the Clerk of the Superior Court of New Hanover County, N. C., for division among the heirs at law of the late Frank P. Williston and Henrietta Williston, in which you have an interest.

An the said William J. Perry, Hattie Perry and Joseph H. Perry will further take notice that they and every of them are required to appear before the Clerk of the Superior Court of New Hanover County at his office in the City of Wilmington, N. C., on the 31st day of July, 1911, and answer or demur to the complaint now on file in the said Clerk's office, or the plaintiff will apply to the Court for the relief therein demanded.

JNO. D. TAYLOR,
Clerk Superior Court, New Hanover County, N. C.

THOMAS H. SUTTON,
Plaintiff's Attorney, P. O. Address: Fayetteville, N. C. je28-1awlw

EXECUTOR'S NOTICE.

Having qualified as Executor of Isaac Bear, deceased, I hereby notify all parties holding claims against his estate to present them to the undersigned within one year from the date hereof, or this notice will be pleaded in bar of their recovery. All parties indebted to said estate will make immediate payment to the undersigned.

This 20th day of June, 1911.

SAMUEL BEAR, JR.,
Executor of Isaac Bear, dec'd.

NOTICE OF MORTGAGEE'S SALE OF LAND.

Notice is hereby given that the undersigned mortgagee, under and by virtue of the power of sale, contained in a certain mortgage deed, executed to the undesigned by C. H. Carter and his wife, A. P. Carter, on the 7th day of April, 1910, and duly recorded in the office of the Register of Deeds of New Hanover County in Book 59, at Page 571, will, on the 15th day of August, 1911, at 12 o'clock, noon, at the Court House door of New Hanover county, sell at public auction to the highest bidder, for cash, the following described lots or parcels of land, conveyed by said mortgage deed, to wit:

First Tract: That certain lot of land beginning at the northeast intersection of Eighth and Orange streets, and running thence north along the eastern line of Eighth street, thirty-three (33) feet; thence eastwardly and parallel with Orange street, seventy-five (75) feet; thence southwardly, and parallel with Eighth street, thirty-three (33) feet to the northern line of Orange street; thence westwardly, along the northern line of Orange street, seventy-five (75) feet, to the beginning; being the western part of Lot No. 6½, in block No. 146, according to the official plan of the City of Wilmington, N. C., and being the same lot of land conveyed by deed from P. Q. Moore and wife to said parties of the first part, bearing date the 7th day of April, 1909, and recorded in Book 58, at page 250, in the office of the Register of Deeds of New Hanover county, aforesaid.

Second Tract: That certain tract, piece or parcel of land situate, lying and being in Pender county, State aforesaid, adjoining the lands of Giles Bryant and others, and bounded and described as follows:

Beginning at a stake near a large sweet gum in the edge of a branch on the line of the W. & W. Railroad Company's lands, and runs south 38 east, about 12 poles, to a large pine, a corner of Giles Bryant's two tracts; thence with said line south 38 east 25 poles, to a maple stump; thence south 20 east, 24 poles, to a pine, a corner of Giles Bryant's land; thence south 20 east, 20 poles, to a stake on the side of a ditch; thence about north 67½ east, 22 poles, to an old pine stump; thence south 46 east, 26 poles, to a stake near a black gum in a meadow; thence south 54 east, 10 poles, to a lightwood stump and small pine; thence south 45 east, about 12 poles, to a stake in a meadow, a corner of the Morris Tate lands; thence north 40 east, 34 poles, to a small pine in the run of Williamson's Branch; thence up the run of said branch north 69 east, 36 poles, to the head of said branch, a black gum; thence north about 53 west, about 120 poles, to a stake in the Railroad Company's line (the old James' corner); thence with said Railroad Company's line south 19 west, about 71 poles, to the beginning; containing forty-five and one-half (45½) acres, more or less.

Third Tract: Situate, lying and being in Bladen county, North Carolina, on or near Lyon Swamp, adjoining Haywood Corbett and others, beginning at a pine with 9 pines and two black oak pointers, and runs thence south 12 east, 2,850 feet to a stake; thence south 64 east, 1,380 feet to a stake; thence north 20 east 1,419 feet to a pine and pine pointers; thence north, 26 west, 2,244 feet to a stake; thence north 83 west, 990 feet, to the beginning, containing one hundred (100) acres, more or less, and being part of the tract of land conveyed to the parties of the first part by Max Meyers.

This, the 8th day of July, 1911.

The Picker of Proven Worth

If you grow peanuts and don't own a **Benthall Peanut Picker** you are paying for one, without really owning it.

The wages that you pay will be saved when you own a Benthall. You and your boys can do the work of a hundred men.

You will get your crop off to market early—receive highest prices.

You'll avoid delays and stealing.

These things that have been taking away from your profits can be made to add to them.

The Benthall really makes peanut growing *doubly* profitable.

The machine picks both Spanish and Virginia varieties rapidly, perfectly. It saves the vines for hay.

It neither cracks the nuts nor grinds the vines as do machines that *thresh* them.

The Benthall can be moved from place to place as easily as a farm wagon. You can make big money picking for your neighbors.

The demand for theses pickers will be greater this year than ever before. If you want to reserve one, better write now for our booklet.—sent *free* to Farmers.

MANY ARE KILLED IN FEARFUL WRECK

(Continued from Page One.)

engineers to have been one of the most experienced and careful on the system.

It is stated that while the Federal express was not his regular train he had run it many times. Ordinarily L. L. Fowler, would have brought the express through today, but as he had been doing considerable extra work, he laid off this run to get a rest.

Investigation of the wreck will be begun at an early date, according to an announcement made by Coroner Wilson.

Mourning in Washington.

Washington, July 11.—There was mourning tonight in the homes of relatives and friends of the Washington victims of the wreck of the Federal Express, near Bridgeport. Something approaching consternation also seized upon the friends of President Taft, for that is the train he uses in traveling between Washington and the Summer White House at Beverly, Mass., and steps probably will be taken to obviate all chance of a similar accident in the future.

A sad feature of the wreck was the death of Mrs. Helena B. Walcott, wife of secretary and director of the Smithsonian Institution. Mrs. Walcott was on her way to Boston to join her daughter, when the two were going to Maine, to spend the Summer. It was not known positively until late today that she was among the dead, and Dr. Walcott left on the same train for Bridgeport, accompanied by Dr. Geo. Otis Smith, director of the United States Geological Survey. They will bring the body back to Washington. Mrs. Walcott had reserved a berth on the Federal Express for Saturday, but at the last moment decided to put off her departure until Monday.

BALLOONS STILL RACING.

Six of the Entries Landed—Some Features of the Race.

Kansas City, July 11.—Toward the dangerous Great Lakes region, where treacherous air currents and water constantly menaces aeronauts, two of the balloons that raced away from here yesterday in the elimination contest are believed to be speeding tonight. Six of the entries landed safely today, and the remaining contestants were last heard from while sailing rapidly across Illinois to the northeast.

The balloon that is still in the air is the Million Population Club.

The places in which the balloons landed today and the unofficial distances made by them follow:

Miss Sofia, Wm. F. Assman, pilot, and John M. O'Reilly aid, representing the St. Louis Aero Club, landed near Franklin Park, a suburb of Chicago, distance 445 miles.

Buckeye, J. H. Wade, jr., pilot, and R. H. Hitchcock, aid, representing the Cleveland Aero Club, of Cleveland, landed four miles east of Newholland, Ill., distance 315 miles. The balloon St. Louis descended late today at Lopas, Ind.

Topeka II, Frank M. Jacobs, pilot, and Raffe Emerson, aid, representing the Western Association of Topeka, landed near Laharpe, Ill., distance 190 miles.

New York, Clifford B. Harmon, pilot, and Augustus Post, aid, representing the Aero Club, of New York, landed at Fremont, Iowa, distance 158 miles.

Kansas City, Captain E. H. Honeywell, pilot, and John Watts, aid, representing the Kansas City Aero Club, landed near Lindy, Iowa, distance 150 miles.

The New York, the Buckeye and the Kansas City were forced to descend by severe thunderstorms.

When last heard from today, the balloons still up were flying northeast or the western edge of Illinois near Moline.

RAIN TO BRING RELIEF.

In Middle Atlantic and New England States Today.

Washington, July 11.—Local rains probably will bring relief to the Middle Atlantic and New England States tomorrow, according to the weather bureau tonight. The Ohio Valley and Plains States are also promised relief from the continued hot weather. Rains caused a sudden drop in the temperature today throughout the Ohio and Mississippi valley, the southern Rocky Mountain region, the Gulf States and in the Atlantic States, south of Maryland. Kansas City, Mo., reported the highest temperature, 104.

Although the official temperature for Washington was 93, the thermometers in the downtown sections registered about 100 until late in the afternoon when clouds brought comparative coolness. One death and seven prostrations were reported today.

NEW HOTEL AT HAMLET.

The Terminal Will Have 40 Rooms. Work Progressing.

Hamlet, N. C., July 11.—Work is progressing on the new Terminal Hotel at Hamlet, and the building with 40 or more guests' rooms will be opened within the specified time, according to present anticipations. This new hotel, which is being built for Mr. J. L. Lank and a number of associates, will be located to the south of the Seaboard tracks at Hamlet, convenient to the depot and all trains, and will be modernly constructed and equipped with hot water and other conveniences in the building. The structure is of brick and attractively designed, indicating the spirit of progress which characterizes the business men of Hamlet in the development of their town.

NATIONAL EDUCATORS.

Lectures Upon Technical Side of Pedagogical Questions.

San Francisco, July 11.—Departmental meetings at which the technical side of pedagogical problems were lectured upon and discussed by experts, occupied delegates of the National Educational Association today.

Perhaps the largest attendance gathered at the joint session of the kindergarten, elementary and special education departments were "the school language" was the subject of discussion.

At the meeting of the department of physical education "Physical Education of Adolescent Girls," was the subject discussed by John M. Tyler, of Amherst, while Frances M. Green, M. D., of Cambridge, Mass., delivered an address on "Sex Hygiene."

Talks on Courses in Science.

'Ologies and 'isms in connection with courses in science were condemned at a department meeting of the National Education Association today by Prof. W. C. Morgan, University of California, who said:

"The most important contribution which science has to make toward the education of the people should be offered in the first year, the fundamental ideas affecting the life and welfare of mankind, whether they come from one science or from many. This means a general science course, treating those things which come within the general experience of the class. It should teach things, not 'ologies' or 'isnms'. It should never be a series of 'six weeks' courses' in half a dozen different sciences, but rather something like the old natural physiology.

"General science will not only give to all students ideas which will be of the greatest service to them, but by eliminating elementary material common to all, it will advance the standard of work in subsequent scientific courses.

"Educators are agreed generally as to the proper junctions of grammar school and university in developing intelligent citizenship, but the question is constantly raised whether the ordinary high school curriculum offers the best preparation for life. Nearly half of the students are commonly in the freshmen class; three-quarters of those entering high school leave before the junior year; less than 10 per cent. go to any higher institution of learning. A square deal for the great mass of students who do not continue their schooling should be the chief care of the high school.

"Recalling these facts, few maintain that the science work as usually given would furnish the best possible preparation for life. Physical geography cannot (probably no single science can) justify itself on this basis."

Address by H. H. Goddard.

The misplacement of children in schools, getting them too high or too low for their mental capacity, is responsible for much of the truancy and incorrigibility, according to Henry H. Goddard, of the School for Feeble Minded, Vineland, N. J., a speaker at one of the section meetings of the National Education Association today. The speaker said that studies at the Vineland institution have shown that 65 per cent. of feeble mindedness is hereditary. The speaker discussed particularly the Binet Measuring Scale for intelligence, which has received official sanction by the New Jersey Legislature. Mr. Goddard said in part:

"The Binet scale is a method of marvelous accuracy and of great practical value, and can be applied to help us solve some of our problems and make our school system more efficient.

"We are beginning to recognize that many of our difficulties in school are the result of differences in inborn capacity rather than in inborn wickedness. It is therefore necessary to have some method of measuring that inborn capacity.

"The research department of the New Jersey Training School for Feeble Minded Children has carried out a systematic testing of an entire school population of 2,000 children, using this method. The results amount to almost a mathematical proof of the accuracy of the Binet method. It shows that there are 4 per cent. of children who are precocious or better in mentality than the average child, 78 per cent. are normal, 15 per cent. are backward, and 5 per cent. are feebleminded. This ratio probably holds almost universally.

"We should have schools or special classes for these precocious children in order that the natural advantage with which they are born should not be lost, and that they should not learn bad ways and bad habits from being in classes that go so much slower than they are able to go. The 15 per cent. that are merely backward should be in special classes too, that they may be coached and helped along and enabled to get through as much of the school work as is absolutely necessary to make them useful. The 3 per cent. that a refeeble-minded should be in colonies or institutions where they are cared for and enabled to be happy and partially useful as long as they live, but if this is impossible, they must be cared for in special classes in public schools where they are not asked to learn reading, writing and arithmetic, but are taught to do those things with their hands which they can do and the doing of which makes them happy. They must never marry because the studies at the Vineland institution have shown that 65 per cent. of feeble-mindedness is hereditary. Therefore, if these children grow up and marry, they simply perpetuate the race of feeble-minded persons.

"In this study of the entire school population tested by the Binet method, it is shown that some children are in classes that are way ahead of the mental capacity of the children, these run all the way from the children that are in classes that are one year ahead of them to three years. In other cases, children are behind what they ought to be from one to three years. Two tendencies are shown to prevail. First, to keep all children as nearly as possible at the average, keeping those that are dull up to the average, holding those that are precocious down. The other tendency is to let those children that are very backward go, and not giving them the attention they need, they are, as a result, farther back than their mentality really warrants, or on the upper scale, children who are a little precocious and encouraged and spurred on and placed in classes that are even higher than their mental attainments can reach. This is an injustice in both cases.

"In this misplacement of children getting them too high or too low for their mental capacity, is to be sought a large explanation of truancy and incorrigibility, also the fact that precocious children often break down. It is not because they are precocious, but because their precocity leads teachers and parents to push them too far ahead."

WATER SUPPLY IMPAIRED.

Raleigh Having Trouble—Superior Court—Arrest.

(Special Star Correspondence.)

Raleigh, N. C., July 11.—On account of a really dangerous falling off in the available water supply for the city of Raleigh, the street sprinklers have been cut off, the railroads have been directed to discontinue getting water for their locomotives here and some other large consumers who can make other arrangements have been cut off from the city supply so as to conserve the water for necessary uses of the people of the city. The supply has been falling for a couple of weeks, but the condition only assumed an alarming aspect the past few days. However, a gain of one inch in the reservoir was reported today. The available supply is now estimated to be down to 500,000 gallons per day and the normal demand the fast few months has been one million gallons per day. Walnut creek is the source of the supply and this stream is declared by experts to be even much below what would be ordinarily expected under the drought conditions of the season. However, the water fall hereabouts is said to be 14 inches short of normal for the year thus far. The present water scare, it is said, will doubtless work a material good in awakening the city officials to the necessity of taking steps for greatly increased supply, possibly bringing the water from the Yadkin river, this being pronounced the best available source for the additional water needed.

In Wake Superior Court today the murder case of Will Weaver for the killing of Ed Pearce, at Zebulon, was ordered continued to the September court. Judge Peebles sentenced Lonnie Hall to ten years in the penitentiary for highway robbery in that he made such an attack on John Harris. Ernest Jones came in for a four months sentence on the charge of manslaughter.

Clarence Moore was arrested here today on the charge of breaking into a store in Sanford. His arrest came about through his having had the address of "Miss Blanch Finch, Raleigh, N. C." in his pocket. He changed clothes in the Sanford store. The slip was found in the pocket of the old clothes and Miss Finch told the Raleigh police to whom she had given the address. After his arrest Moore confessed that he participated in the robbery. He was carried to Sanford this afternoon.

UP TO ST. LOUIS AERONAUTS.

To Defend for United States the James Bennett Cup.

Kansas City, Mo., July 11.—To St. Louis balloon pilots falls the right of joining Alon R. Hawley in defending for the United States the James Gordon Bennett cup, the race for which starts from here on October 5th. This was decided tonight when six of the balloons which started from here yesterday in an elimination race to select two entrants for the Bennett contest were reported landed.

The two leaders in the race now are the St. Louis IV and the Miss Sofia, both of St. Louis. The only balloon still in the air is the Million Population Club and it, too, is from that city. The race now settles down to a contest of the three St. Louis balloons for the first two places.

The whereabouts of the Million Population Club balloon is unknown. Early today it passed over Moline, Ill., going at a rapid speed and traveling high. The craft has not been heard from since. It was then headed northeast.

Thus far Lieutenant Frank B. Lahm, who piloted the St. Louis IV has the credit for the longest flight. He landed at 4:15 o'clock this afternoon, three southeast of Lapaz Junction, Indiana, 14 miles south of South Bend. The distance from here to his landing place is approximately 521 miles. Like several other aeronauts, Lahm was caught in a storm. He went to Plymouth, Ind., to spend the night. His descent was made without accident.

AN ALASKAN INQUIRY.

Will be Inaugurated Today by House Committee.

Washington, July 11.—An inquiry into Alaska's industrial developments, second in importance only to the Ballinger-Pinchot investigation, will be inaugurated tomorrow by the House Committee on Expenditures in the Interior Department, according to altered plans of that committee. Instead of having Miss M. F. Abbott tell the story of her discovery of the now famous "Dick to Dick" letter, the committee will examine government officials on general conditions in the territory.

It is planned to call Alfred H. Brooks, Alaska expert of the geological survey, and witnesses from the Geodetic Survey and the War Department, which controls the leasing of water fronts in that country.

The possible connection of Chas. P. Taft with the subject is to be subordinated for the time being, at least. The committee will endeavor to find out if the Guggenheim interests, when defeat in the so-called Cunningham claims to the great coal fields of Alaska seemed inevitable, undertook to assert control of the coal deposits by monopolizing the entrances to the interior of the country and if recognition of the Ryan entries would effect this. Other than recognizing the absolute freedom of the President from Congressional inquiry, it was said tonight no limitations would be placed in the inquiry.

SCULPTOR RUMSEY IMPROVES

Harriman's Daughter's Husband Injured During Polo Game.

New York, July 11.—It was learned today that C. C. Rumsey, the sculptor, who married Miss Mary Harriman, daughter of the late E. H. Harriman, will recover from injuries received in a polo game at the Rockaway Hunt Club yesterday.

It was found that no bones were broken and his condition this morning was reported improved.

Nursing Mothers and Malaria.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

PETTIT'S BIG SHORTAGE.

Books Show Shortage of Million Since He Was Drowned.

Minneapolis, Minn., July 11.—As a result of the belief that James Pettit, of Chicago, general manager of the Peavey Grain Company, who was drowned in Lake Michigan on Saturday, was short of the Peavey interests to have been in direct violation of the instructions of the Minneapolis offices, bankers and officers of the company met today at the F. H. Peavey & Company's offices. A statement issued after the meeting says:

"On Saturday afternoon, July 8th, following the death of Mr. James Pettit, a representative of F. H. Peavey & Company, who had been sent to Chicago to assist in the offices of the Peavey Grain Company, during Mr. Pettit's illness, discovered that certain unauthorized and cancelled speculations had been going on in the business which subsequent investigation proves will result in a shortage of approximately $1,000,000.

"Mr. Pettit, general manager of the business, had apparently in no way profited by these speculations, and they were carried on absolutely contrary to the instructions of, and without the knowledge of F. H. Peavey & Company, and in direct violation of well known policy of the Peavey interests.

"F. H. Peavey & Company's interests in the Peavey Grain Company arises from the fact that it is the owner of the stock of the Peavey Grain Company, of Chicago."

KING AND ALSOP CLAIM.

King George Has Accepted Award—The Claim.

London, July 12.—The Times announces that King George has given the award in the Alsop claim to the United States. The award concedes 187,000 pounds ($935,000) to the American claimants.

Early in August last the American Amabassador and the Chilean Minister at London, presented to the British foreign office their respective cases or the Alsop claim, which had been submitted to King George as arbitrator. The claim is based upon large sums of money advanced to the Bolivian government in 1874, Chile agreeing to assume the obligations of Bolivia to the company when Arica passed to Chile. The claim amounted to $1,500,000. The United States and Chile agreed to submit the case to the late King Edward, and after his death to his successor, King George. Chile deposited the amount claimed in London to be paid over in case the award was in favor of the American claimants.

UNCLE SAM KEEPING ALOOF.

United States Has Not Undertaken to Meddle Moroccan Mess.

Berlin, July 11.—The statement telegraphed here from Paris and credited to The Echo de Paris to the effect that the American embassy had made representations to the German government regarding Germany's intervenat Adgair, Morocco, and setting forth that American interests especially at Panama would be endangered if Germany obtained a naval base in Southern Morocco, is unfounded. The American embassy has taken no step in this direction whatever.

Paris, July 11.—It was stated at the foreign office today that no knowledge was had there of reported representations made to the German government by the United States regarding the Moroccan situation.

BUSINESS LOCALS

Advertisements inserted under this head one cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, one cent per word. PUT SOME MONEY IN YUOR TEETH.

It will pay you to look well after your teeth and not let them decay. Apart from the bad appearance such a set of teeth presents, it is certain that they must ache at times and bother you, and equally true that you can not masticate your food properly. It is a wise investment to insure a sound set of teeth, and we can help you to possess them in a short time.
